Jamaica in the Age of Revolution Trevor Burnard, 2020-04-03 A renowned historian offers novel perspectives on slavery and abolition in eighteenth century Jamaica Between the start of the Seven Years War in 1756 and the onset of the French Revolution in 1789 Jamaica was the richest and most important colony in British America White Jamaican slaveowners presided over a highly productive economic system a precursor to the modern factory in its management of labor its harvesting of resources and its scale of capital investment and output Planters supported by a dynamic merchant class in Kingston created a plantation system in which short term profit maximization was the main aim Their slave system worked because the planters who ran it were extremely powerful In Jamaica in the Age of Revolution Trevor Burnard analyzes the men and women who gained so much from the labor of enslaved people in Jamaica to expose the ways in which power was wielded in a period when the powerful were unconstrained by custom law or for the most part public approbation or disapproval Burnard finds that the unremitting war by the powerful against the poor and powerless evident in the day to day struggles slaves had with masters is a crucial context for grasping what enslaved people had to endure Examining such events as Tacky s Rebellion of 1760 the largest slave revolt in the Caribbean before the Haitian Revolution the Somerset decision of 1772 and the murder case of the Zong in 1783 in an Atlantic context Burnard reveals Jamaica to be a brutally effective and exploitative society that was highly adaptable to new economic and political circumstances even when placed under great stress as during the American Revolution Jamaica in the Age of Revolution demonstrates the importance of Jamaican planters and merchants to British imperial thinking at a time when slavery was unchallenged

The Suffering and Victorious Christ Richard J. Mouw, Douglas A. Sweeney, 2013-10-15 American theologians tend to focus on the great hope Christians have through Christ's resurrection emphasizing Christ's victory while minimizing

or ignoring his suffering Through their engagements with Japanese Christians and African American Christians on the topic of Christology Richard Mouw and Douglas Sweeney have come to recognize and underscore that Christ offers hope not only through his resurrection but also through his incarnation The authors articulate a more compassionate and orthodox Christology that answers the experience of the global church offering a corrective to what passes for American Christology today The book includes an afterword by Willie James Jennings of Duke Divinity School *Deliver Us from Evil* Lacy K. Ford, 2009-09-03 An ambitious thought provoking and highly insightful book *Deliver Us from Evil* makes an important contribution to the history of slavery in the United States shedding needed light on the white South's early struggle to reconcile slavery with its Revolutionary heritage *Travel and the Pan African Imagination* Tracy Keith Flemming, 2021-09-02 *Travel and the Pan African Imagination* explores the African Atlantic world as a productive theater or space where modernity racialized dominance and racialized resistance took form The book stresses the importance of placing three Atlantic figures the Charleston South Carolina based armed resistance leader Denmark Vesey the West African emigration advocate Edward Wilmot Blyden and the Christian missionary and teacher in Liberia as well as the United States Alexander Crummell within an Atlantic context and as African world community figures between the late eighteenth and early twentieth centuries The book also examines the religious origins of Black Power ideology and modern Pan Africanism as products of the intense dialogue within the African world community about concepts of modernity progress and civilization Tracy Keith Flemming identifies how travel and social mobility led to the generation of an ever more complex and dynamic Atlantic world and of a fluid and adaptive African world community imagination for those figures who were forced to operate within and against a racially framed universe The vexing social position and symbolic figure of the African was central to the dilemmas facing the racialized imagination of African world community figures and the discipline of Africology

Monuments of Diverse Heritage in Early America Barry L. Stiefel, 2025-10-01 *Monuments of Diverse Heritage in Early America* Placemaking and Preservation by Black Indigenous and Jewish Peoples explores a more inclusive history of preserving public historic sites At a time when some Americans have embraced white nationalism in response to unfolding demographic changes and others celebrate individual identities over all else an inclusive tolerant and unifying historical vision is sorely needed While past preservation efforts sometimes resulted in exclusionary forms of historical inspiration that need not be the case in the future Bringing greater attention to the diverse heritage of the United States will not only help dismantle the lingering remnants of exclusionary and elitist narratives but also celebrate a pluralistic and diverse past and present An inclusive empowering history can provide social cohesion while allowing room for individual groups to have authority over their pasts and representation in public side by side with one another **Disasters, Accidents, and Crises in American History** Ballard C. Campbell, 2008 Presents a chronologically arranged reference to catastrophic events in American history including natural disasters economic depressions riots murders and terrorist attacks **Freedom's**

The Shaping of Southern Culture Bertram Wyatt-Brown, 2001 Extending his investigation into the ethical life of the white American South beyond what he wrote in *Southern Honor* 1982 Bertram Wyatt Brown explores three major themes in southern history the political aspects of the South's code of honor th *The Second Slavery* Javier Lavina, Michael Zeuske, 2014 Introduction African slaves and the Atlantic a cultural overview Catherine Coquery Vidrovitch The end of the British Atlantic slave trade or the beginning of the big slave robbery 1808 1850 Christian Cwik Peasant or proletarian emancipation and the struggle for freedom in British Guiana in the shadow of the second slavery Wazir Mohamed The end of the second slavery in the Confederate South and the great brigandage in southern Italy a comparative study Enrico dal Lago Puerto Rico atlantizaci n and culture during the segunda esclavitud Javier Lavi a The second slavery modernity mobility and identity of captives in nineteenth century Cuba and the Atlantic world Michael Zeuske Commodity frontiers conjuncture and crisis the remaking of the Caribbean sugar industry 1783 1866 Dale Tomich The aftermath of abolition distortions of the historical record in Machado di Assis Counselor Aires memorial Luiza Franco Moreira The second slavery modernity in the nineteenth century South and the Atlantic world Anthony E Kaye [The Enslaved and Their Enslavers](#) Edward Pearson, 2023-09-19 In *The Enslaved and Their Enslavers* Edward Pearson offers a sweeping history of slavery in South Carolina from British settlement in 1670 to the dawn of the Civil War For enslaved peoples the shape of their daily lives depended primarily on the particular environment in which they lived and worked and Pearson examines three

distinctive settings in the province the extensive rice and indigo plantations of the coastal plain the streets workshops and wharves of Charleston and the farms and estates of the upcountry In doing so he provides a fine grained analysis of how enslaved laborers interacted with their enslavers in the workplace and other locations where they encountered one another as plantation agriculture came to dominate the colony The Enslaved and Their Enslavers sets this portrait of early South Carolina against broader political events economic developments and social trends that also shaped the development of slavery in the region For example the outbreak of the American Revolution and the subsequent war against the British in the 1770s and early 1780s as well as the French and Haitian revolutions all had a profound impact on the institution s development both in terms of what enslaved people drew from these events and how their enslavers responded to them Throughout South Carolina s long history enslaved people never accepted their enslavement passively and regularly demonstrated their fundamental opposition to the institution by engaging in acts of resistance which ranged from vandalism to arson to escape and on rare occasions organizing collectively against their oppression Their attempts to subvert the institution in which they were held captive not only resulted in slaveowners tightening formal and informal mechanisms of control but also generated new forms of thinking about race and slavery among whites that eventually mutated into pro slavery ideology and the myth of southern exceptionalism
