Healing Insights For Christian Elders:

Healing Ron McKenzie, 2012 Healing and sickness are critical issues for the church The Bible teaches that gift of salvation includes both forgiveness and healing in the same package Jesus confirmed this by healing wherever he went He healed so many sick people that even his enemies had to take him seriously Healing the sick was crucial for the success of the early church The modern Christian practice falls far short of their experience This book provides fifteen keys that will help God's people obtain greater victory over pain and sickness Here are some of them The gift of healing confirms the gospel so it is primarily for evangelism and not for Christians The modern world struggles with sickness so the best proof of the love of Jesus is seeing sick people being healed The gift of healing belongs in the streets and marketplaces not at the front of a church Submission and spiritual protection go together Pleading with God to heal a sick friend devalues Jesus work on the cross Asking why God allowed a Christian to die of sickness is dangerous because questions God's character Elders and pastors are accountable for dealing with sickness in the church because Jesus never gave them authority to control the church but he did give them authority to heal the sick and cast out demons Many Christians have prayed against sickness for a long time without gaining victory This book is not for them Most of the blockages to healing are problems with church leadership so an individual cannot deal with them on their own This book provides guidance for Christian Elders who are serious about getting victory for those whom God has entrusted to their oversight God is looking for elders and shepherds who will press into Jesus healing and will not give up until their people is experiencing the full promise of his glorious salvation This book is full of principles but on their own principles cannot heal the sick The presence and power of the Holy Spirit heal the sick so he is what we need The only value of the principles outlined in this book is that they may help Christian elders who are walking in the Spirit to understand what he is doing and know how to cooperate with him as he advances the Kingdom of God and brings glory to Jesus On the other hand these principles are prophetic If the church can take hold of Jesus victory over sickness and evil spirits it will be well on the way to seeing the glory the Kingdom of God *Christian Theology in the Pluralistic World* Veli-Matti Kärkkäinen, 2019-06-20 Kärkkäinen's acclaimed five volume constructive theology abridged in one accessible volume Providing a new and unique way of doing theology in our pluralistic world Veli-Matti Kärkkäinen presents historic Christian doctrines in relation to the natural sciences and four other living faiths Judaism Islam Buddhism and Hinduism This textbook covers all systematic topics along with a host of current issues such as violence colonialism inclusivity sociopolitical liberation environmental care and more Accessible and student friendly *Christian Theology in the Pluralistic World* is the ideal text for exploring a theological vision at once rooted in the Christian tradition and constructive in its engagement with the complexities of our global pluralistic world **Insights into James** Gaylord Bowman, 2016-07-27 What should be the source of our joy Whose fault is it when we fail What does James challenge us to do Why is pre-judging condemned James is a challenge to each one of us on how to Live the Christian lifestyle It is the first book

Christ's Healing Touch, and Other Sermons ... Alexander Mackennal,1871 **Satan's Strategy to Curse Christ's Congregation** Keith A. Sherlin,2010-09 Dr Sherlin has worked diligently to show the importance of elder rule What he has done is restore us to sound principles that come straight from the Bible His book is a must for every assembly that wants to remain strong rather than go the way of the culture I cannot recommend his book enough Dr Mal Couch In this work the author sets out the biblical case for congregations being ruled by a plurality of Godly men known as elders This work is meticulously footnoted and documented making it an invaluable resource for the layman and scholar alike Dr Andy Woods Keith writes in a manner that is precise and with a fluidity of understanding of current day church leadership The tone of his writing is shared in love and there are no judgmental undertones that permeate his thoughts I would wholly recommend this reading to all who profess Christ as their Lord Pamela Rogers Dr Keith has presented a solid case for authoritative leadership in the church His book is a call for us to return to biblical leadership and be presbyters instead of politicians Dr C V Varnado Do you believe that your local assembly is full of conflict confusion and or compromise Are you familiar with the strategy of Satan and his methods to undermine the grace love and truth of Christ s body This work makes a clear and convincing case

that many problems in congregations occur because the body has adopted a flawed foundation of church government and doctrine that is more political than biblical How much or to what degree has Satan made inroads into your spiritual family and leadership body Read and judge for yourself and if necessary seek to apply the prescribed remedy to the problem

Understanding Christian Leadership Ian Parkinson, 2020 *Understanding Christian Leadership* offers an examination of a distinctly Christian understanding of leadership offering a critical appraisal of insights from secular theories of leadership exploring biblical and other theological insights into the nature and practice of leadership. Whilst arguing for a form of leadership which is widely dispersed and collaborative the book seeks to explain the distinctive role of leaders within such a leadership economy. It also seeks to establish a proper relationship between sacred and secular leadership thinking tackling some of the common philosophical and theological reservations to do with leadership discourse whilst offering a critical framework for discerning the suitability for the Church of different sources of leadership thinking. Designed as core reading for leadership modules currently taught by the author across a large number of training contexts in the UK this book is an indispensable text for those taking undergraduate or postgraduate level qualifications in Christian leadership as well as those in other less formal leadership training contexts.
