Queens Matter in Early Modern Studies Anna Riehl Bertolet, 2017-11-08 The essays in this book traverse two centuries of queens and their afterlives historical mythological and literary They speak of the significant and subtle ways that queens leave their mark on the culture they inhabit focusing on gender marriage national identity diplomacy and representations of queens in literature Elizabeth I looms large in this volume but the interrogation of queenship extends from Elizabeth's historical counterparts such as Anne Boleyn and Catherine de Medici to her fictional echoes in the pages of John Lyly Edmund Spenser William Shakespeare Mary Wroth John Milton and Margaret Cavendish Celebrating and building on the renowned scholarship of Carole Levin *Queens Matter in Early Modern Studies* exemplifies a range of innovative approaches to examining women and power in the early modern period

MATTERS OF THE HEART Patrick J Vaughan, 2010-02-19 We need to learn to concentrate on our spiritual heart even more than we concentrate on our physical heart We need to learn to release and dig up the pain and sorrows that have cast away the person we were or the person we were to become There are over 900 specific scriptures in the Bible according to the Strong's Concordance dealing with the word heart The Bible talks a lot about the condition of the heart We are going to look at many conditions many insights and many examples of people of scripture that have dealt with and changed their hearts through faith and truth There is a spiritual battle going on right now for your spiritual heart There is a battle for your affection and your intimacy We are going to learn about the spiritual heart and how God can make us new whole and complete the way we are meant to be There are many matters of the heart spoke about in the Bible because the state of my heart and your heart really does matter A collection of words to which music has been composed ... for use in the choral service of the United Church of England and Ireland as anthems, by B. the latest versions of movements Each stage of composition is examined via primary source material with particular reference to the autograph score and conducting score Each chapter is formed as a case study and contains related discussion points for use in teaching or study settings
