Braun, 2012-08-31 The Rise and Fall of the Femme Fatale in British Literature 1790 1910 explores the femme fatale's career in nineteenth

century British literature It traces her evolution and devolution formally historically and ideologically through a selection of plays poems novels and personal correspondence Considering well known fatal women alongside more obscure ones *The Rise and Fall of the Femme Fatale* sheds new light on emerging notions of gender sexuality and power throughout the long nineteenth century By placing the fatal woman in a still developing literary and cultural narrative this study examines how the femme fatale adapts over time reflecting popular tastes and socio economic landscapes *Violence in American Drama* Alfonso Ceballos Muñoz,Ramón Espejo Romero,Bernardo Muñoz Martinez,2011-09-29 This interdisciplinary collection of 19 essays addresses violence on the American stage Topics include the revolutionary period and the role of violence in establishing national identity violence by and against ethnic groups and females as perpetrators and victims as well as state and psychological violence and violence within the family The book works to assess whether representing violence may cause its cessation or whether it generates further destruction Featured playwrights include Susan Glaspell Sophie Treadwell Tennessee Williams William Inge Amiri Baraka Luis Valdes Cherrie Moraga Sam Shepard Tony Kushner Neil LaBute John Guare Rebecca Gilman and Heather MacDonald **A Concise Companion to Postwar American Literature and Culture** Josephine Hendin,2008-04-15 This Concise Companion is a guide to the creative output of the United States in the postwar period in its diverse energies shapes and forms Embraces diversity covering Vietnam literature gay and lesbian literature American Jewish fiction Italian American literature Irish American writing emergent ethnic literatures African American writing jazz film drama and more Shows how different genres and approaches opened up creative possibilities and interacted in the postwar period Portrays the postwar United States split by differences of wealth and position by ethnicity and race and by agendas of left and right but united in the intensity of its creative drive *Women, Murder and Femininity* L. Victorian Murderesses Naz Bulamur,2016-02-08 Victorian Murderesses investigates the politics of female violence in Thomas Hardy s *Tess of the D Urbervilles* 1891 George Eliot s *Adam Bede* 1859 Mary Braddon s *Lady Audley s Secret* 1862 and Florence Marryat s *The Blood of the Vampire* 1897 The controversial figure of the murderess in these four novels challenges the assumption that women are essentially nurturing and passive and that violence and aggression are exclusively male traits By focusing on the representations of murder committed by women this book demonstrates how legal and even medical discourses endorsed Victorian domestic ideology as female criminals were often locked up in asylums and publicly executed without substantial evidence While paying close attention to the social economic judicial and political dynamics of Victorian England this interdisciplinary study also tackles the question of female agency as the novels simultaneously portray women as perpetrators of murder and excuse their socially unacceptable traits of anger and violence by invoking heredity

and madness Although the four novels tend to undercut female power and attribute violence to adulterous women they are revolutionary enough to deploy female characters who rebel against male sovereignty and their domestic roles by stabbing their rapists and even killing their newborns Victorian studies on gender and violence focus primarily on female victims of sexual harassment and real and fictional male killers like Dracula and Jack the Ripper Victorian Murderesses contributes to the field by investigating how literary representations of female violence counter the idealisation of women as angelic housewives
