Heartsearch Toward Healing Lupus:

Heartsearch Donna H. Talman,1991 Donna Hamil Talman is a psychotherapist with an interest in the mind body connection that predated her diagnosis with lupus erythematosus an auto immune disease which affects many more women than men Her desire to find a greater meaning in her illness and recovery and to discover why she developed an auto immune disease in which the body reacts against its own tissue led her to examine the ways in which unresolved and unexamined feelings could influence her health This is an inspiring book for anyone confronting illness with special meaning for those with an auto immune disorder **Yoga Journal** ,1991-11 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty Travels with the Wolf Melissa Anne Goldstein,2000 The Lupus Foundation of America estimates that between 5 and 1 5 million people have been diagnosed with lupus a chronic autoimmune disease that can attack any part of the body The elusive nature of the illness often becomes a source of overwhelming helplessness and frustration to its victims their loved ones and the physicians who treat it Narrated through both poetry and prose Travels with the Wolf is an autobiographical account of Melissa Anne Goldstein s experiences with lupus It is her story of becoming a young woman writer and teacher in the presence of severe often debilitating disease It is an exploration of her relationships with her family and friends as the illness steals into their lives and the record of her struggle to maintain her independence and identity despite disease Finally it is an author s journey to find her spiritual core This book is not just about lupus Goldstein uses her experience of the illness as well as sociological literary and historical research to portray and understand the dilemmas faced by the chronically ill person in our society In her conclusion she calls for reform of today s health care system which does not meet the needs of the chronically ill or their physicians **Speaking from the Body** Angie Chabram,Adela de la Torre,2008-11-20 In compelling first person accounts Latinas speak freely about dealing with serious health episodes as patients family caregivers or friends They show how the complex interweaving of gender class and race impacts the health status of Latinas and how family spirituality and culture affect the experience of illness Here are stories of Latinas living with conditions common to many hypertension breast cancer obesity diabetes depression osteoarthritis rheumatoid arthritis dementia Parkinson s lupus and hyper hypothyroidism By bringing these narratives out from the shadows of private lives they demonstrate how such ailments form part of the larger whole of Latina lives that encompasses family community the medical profession and society They show how personal identity and community intersect to affect the interpretation of illness compliance with treatment and the utilization of allopathic medicine alternative therapies and traditional healing practices The book also includes a retrospective analysis of the narratives and a discussion of Latina health issues and policy recommendations These Latina

cultural narratives illustrate important aspects of the social contexts and real world family relationships crucial to understanding illness Speaking from the Body is a trailblazing collection of personal testimonies that integrates professional and personal perspectives and shows that our understanding of health remains incomplete if Latina cultural narratives are not included National Library of Medicine Current Catalog National Library of Medicine (U.S.),1992 *Heartsearch* Donna Hamil Talman,1991-01-01 **Current Catalog** National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70 Reconstructing Illness Anne Hunsaker Hawkins,1999 Serious illness and mortality those most universal unavoidable and frightening of human experiences are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times As modern medicine has become more scientific and dispassionate a new literary genre has emerged pathography the personal narrative concerning illness treatment and sometimes death Hawkins s sensitive reading of numerous pathographies highlights the assumptions attitudes and myths that people bring to the medical encounter One factor emerges again and again in these case studies the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease Pathography allows the individual person a voice one that asserts the importance of the experiential side of illness and thus restores the feeling thinking experiencing human being to the center of the medical enterprise Recommended for medical practitioners the clergy caregivers students of popular culture and the general reader Reconstructing Illness demonstrates that only when we hear both the doctor s and the patient s voice will we have a medicine that is truly human **Yoga Journal** ,1991-11 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **The WomanSource Catalog & Review** Ilene Rosoff,1995 **December 11-12** ,1992 **Advances** ,1992 **Subject Guide to Books in Print** ,1975 *Paperbound Books in Print* 1995 Reed Reference Publishing,R5ference Reed,1995-12 **Every Woman's Body** Diana Korte,1994 A definitive guide no home medical library should be without it EVERY WOMAN S BODY is a book of extraordinary depth and information that is beautifully easy to read KARLA MORALES VICE PRESIDENT PEOPLE S MEDICAL SOCIETY A thorough comprehensive and completely and informative alphabetical listing of medical conditions what to expect and what to do for them from abortion AIDS Alzheimer s Disease and Anemia to Uterine Fibroids Uterine Prolapse Vaginal Infections and Varicose Veins and everything in between **Medical and Health Care Books and Serials in Print** ,1997 **The Cumulative Book Index** ,1992 A world list of books in the English language *Whitaker's Books in Print* ,1998 Books in Print ,1977 **Lupus . . . the Journey Continues** Joyce Duren,2015-04-02 Joyce Duren establishes herself as a force to be reckoned with in literary as well as other circles Ms Duren has written a work of commendable perfection In style content and supreme organization My Bout with
