Women in Formal and Informal Education, 2023-05-01 Understanding the processes related to gender construction requires a multi and interdisciplinary approach Complexity emerges as a category of investigation and an end to be pursued giving space to a plurality of voices interpretations and points of view With such intellectual curiosity the volume's authors questioned the inclusion and exclusion of these multiple voices in education How has teaching on gender made room for this complexity What views were included Which ones were overlooked What have educational models for children been privileged in the imagination Which histories and stories have accompanied them in acquiring an awareness linked to gender Through such important questions and many more the volume highlights the gender changes that took place from mid eighteenth century to today in various contexts relating to formal and informal education through an international comparative perspective The multiplicity of approaches methodologies and perspectives allows us to read and analyze these changes in a composite way underlining little known aspects of gender studies in the historical educational field *L'Isola che (non) c'è* Giulia De Florio, 2022 Il volume presenta una ricognizione della letteratura russa per bambini e ragazzi pubblicata in Italia dal 1945 al 1991 Da una parte si dà conto del contesto storico sociale e letterario dell'Italia del dopoguerra in cui i libri venivano pubblicati dall'altra si conduce un'analisi testuale e traduttologica di una selezione di volumi nella cornice teorica dei Translation Studies e degli Adaptation Studies Il libro si pone tre obiettivi colmare una lacuna negli studi slavistici che a oggi hanno trattato in maniera discontinua la letteratura per l'infanzia inserire la letteratura russa per l'infanzia nella storia dell'editoria italiana trarre alcune osservazioni preliminari circa l'immagine di letteratura russa per l'
