I See London, I See France Sarah Mlynowski, 2024-04-16 This endlessly fun and hugely entertaining romp through Europe had me laughing out loud and reaching for my passport Jennifer E Smith author of Windfall A POPSUGAR Best Young Adult Novel of 2017 Nineteen year old Sydney has the perfect summer mapped out She s spending the next four and a half weeks travelling through Europe with her childhood best friend Leela Their plans include Eiffel Tower selfies eating cocco gelato and making out with tr s hot strangers Her plans do not include Leela s cheating ex boyfriend showing up on the flight to London falling for the cheating ex boyfriend s tr s hot friend monitoring her mother s spiraling mental health via texts or feeling like the rope in a friendship tug of war In this hilarious and unforgettable adventure New York Times bestselling author Sarah Mlynowski tells the story of a girl learning to navigate secret romances thorny relationships and the London Tube As Sydney zigzags through Amsterdam Switzerland Italy and France she must learn when to hold on when to keep moving and when to jump into the Riviera wearing only her polka dot underpants *The Way I See It* Alan Sugar, 2011-09-29 Everyone knows that Lord Sugar has strong opinions and is not afraid to share them no matter how controversial they may be *The Way I See It* takes us into the world of Alan Sugar entrepreneur Twitter addict television star keen cyclist peer of the realm and bemused grandfather In *The Way I See It* he shares his trenchant views on subjects as varied as over priced poncy restaurants the problems with British society why French drivers wind him up the secrets of his own success and the reason he respects Katie Price more than most celebrities Crammed full of brilliant stories amusing rants and sound advice this is the last word on life the universe and everything from the nation s favourite straight talking businessman **Complete English as a Foreign Language Revised: Teach Yourself eBook ePub** Sandra Stevens, 2014-09-26 Complete English as a Foreign Language is a comprehensive ebook language course that takes you from beginner to intermediate level This ebook is for use with the accompanying audio CDs containing two hours of audio ISBN 9781473601604 This ebook contains only text and not the audio content The new edition of this successful course has been fully revised and is packed with new learning features to give you the language practice and skills to communicate with confidence Maps from A1 to B1 of the Common European Framework of Reference CEFR for languages Teaches British English with American English alternatives 10 learning units plus grammar reference and A Z word glossary Discovery Method figure out rules and patterns to make the language stick Teaches the key skills reading writing listening and speaking Learn to learn tips and skills on how to be a better language learner Culture notes learn about the people and places of the English speaking world Outcomes based learning focus your studies with clear aims Test Yourself see and track your own progress Coming soon get our companion app English course Teach Yourself is full of fun interactive activities to support your learning with this course Apple and Android versions available Rely on Teach Yourself trusted by language learners for over 75 years *No Platform* Evan Smith, 2020-04-06 This book is the first to outline the history of the tactic of

no platforming at British universities since the 1970s looking at more than four decades of student protest against racist and fascist figures on campus The tactic of no platforming has been used at British universities and colleges since the National Union of Students adopted the policy in the mid 1970s The author traces the origins of the tactic from the militant anti fascism of the 1930s 1940s and looks at how it has developed since the 1970s being applied to various targets over the last 40 years including sexists homophobes right wing politicians and Islamic fundamentalists This book provides a historical intervention in the current debates over the alleged free speech crisis perceived to be plaguing universities in Britain as well as North America and Australasia No Platform A History of Anti Fascism Universities and the Limits of Free Speech is for academics and students as well as the general reader interested in modern British history politics and higher education Readers interested in contemporary debates over freedom of speech and academic freedom will also have much to discover in this book Turning Point Humera T. Ahsanullah,2013-01-16

It is the desire in a person that makes one seek the truth And it is the silent whispers of the heart that stirs those desires to take the courageous path Like the whispers of my heart to have my independent thinking to examine everything Like the yearning in me to find out why I exist and what really is the concept of God This led me to embark on my journey of discovery I was ready to take on the challenge Like me every one of us desires to know the answers to the meaning of their lives and beliefs Few gather the courage to walk this road Fear of what they might discover at the Turning Point of the road grips them fear of losing the comfort zone they possess shatters them and fear of being alone in the end terrifies them So they shun their desire for truth and subdue their courage for questioning and challenging What Turning Point has to offer is only for those who are ready to meet their fears take the challenge and find the answers If our Creator is the truth our puny challenges and questions can do no harm to its existence Are you ready A Shift in Time Lena Einhorn,2016-03-15 Did the Christian Church rewrite history In the midst of her research on the historical Jesus scholar Lena Einhorn stumbled upon a surprising find While reading through narratives of the Jewish revolt by first century historian Flavius Josephus Einhorn encountered a number of similarities to the Bible These parallels all limited to a short period of time include an unnamed and mysterious messianic leader strikingly similar to the Jesus described in the Gospels only he is not the peaceful miracle worker we know so well Significantly Einhorn found that historical records consistently place these events which allude to the conspicuous figure in Josephus's writings twenty years later than in the New Testament Twenty years with precision every time A Shift in Time explores the possibility that there may have been a conscious effort by those writing and compiling the New Testament to place Jesus's ministry in an earlier less violent time period than when it actually happened In this groundbreaking book Einhorn argues that when the bible and the accounts of first century historians are compared side by side it is clear that the events that shaped the Christian world were not exactly as they seem Elements of this emerging hypothesis were included in Einhorn's previous book The Jesus Mystery originally published in Swedish in 2006 and later published in the United States Much has happened since then and

Einhorn has presented her findings in various academic forums The publication of A Shift in Time marks the first complete presentation of the full details of the hypothesis and a discussion of its conclusions and inevitable implications Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **Sex, Lies, and Pharmaceuticals**

Ray Moynihan, Barbara Mintzes, 2010 Originally published Sydney Australia Allen Unwin Pty Ltd **The Strand** Geoff Browell, Eileen Chanin, 2025-02-25 The first history of one of London's most extraordinary streets Running along the Thames's northern shore and spanning three quarters of a mile from Trafalgar Square to Temple Bar the Strand has been a witness to London's growth and change from the earliest years of the city's existence In The Strand A biography Geoff Browell and Eileen Chanin uncover the deep history of this remarkable street Tracing its origins in the Roman era they reveal how it grew in importance as authority shifted from church to aristocracy then to commerce media and law Over time everything that mattered converged on the Strand tradition and ceremony clashed with rebellion and destitution By 1910 the street was known as the centre of the world Drawing on remarkable archival discoveries Browell and Chanin present the most complete and compelling history of the Strand ever written Filled with surprising untold stories The Strand A biography is a must read for lovers of one of the world's greatest cities Population 10 Billion Danny Dorling, 2013-06-20 Before May 2011 the top demographics experts of the United Nations had suggested that world population would peak at 9.1 billion in 2100 and then fall to 8.5 billion people by 2150 In contrast the 2011 revision suggested that 9.1 billion would be achieved much earlier maybe by 2050 or before and by 2100 there would be 10.1 billion of us What's more they implied that global human population might still be slightly rising in our total numbers a century from now So what shall we do Are there too many people on the planet Is this the end of life as we know it Distinguished geographer Professor Danny Dorling thinks we should not worry so much and that whatever impending doom may be around the corner we will deal with it when it comes In a series of fascinating chapters he charts the rise of the human race from its origins to its end point of population 10 billion Thus he shows that while it took until about 1988 to reach 5 billion we reached 6 billion by 2000 7 billion eleven years later and will reach 8 billion by 2025 By recording how we got here Dorling is able to show us the key issues that we face in the coming decades how we will deal with scarcity of resources how our cities will grow and become more female why the change that we should really prepare for is the population decline that will occur after 10 billion Population 10 Billion is a major work by one of the world's leading geographers and will change the way you think about the future Packed full of counter intuitive ideas and observations this book is a tool kit to prepare for the future and to help us ask the right questions

London Views for Isolation Shoes Philip Carey, 2015-02-22 This portfolio of work called Isolation Locations looks at how the characteristics of a defined location London can be isolated by natural light to create new and compelling images 9 locations were selected representing the 9 letters of Isolation Most of the images were taken at the beginning of the day or during the winter with some being taken at night Our brains and eyes used isolation to process the world we live in which is why photographs need to isolate their subject and message in order to engage the viewer and trigger an emotional response In photography the process of isolation is instant understanding this is a journey Copyright 2016 by Philip Carey All rights reserved This book may not be reproduced in any form in whole or in part without written permission from the author

Origin of Kibosh Gerald Cohen, Stephen Goranson, Matthew Little, 2017-10-10 This is an etymological study of the origins of the word kibosh which has long been one of the great mysteries of the English language Unconvincing derivations have been suggested from Yiddish to Gaelic and Italian and thus far consensus among lexicographers has leaned toward referencing the word as origin unknown In this study the authors present convincing and important new evidence in favour of the derivation of kibosh from the word for a fearsome Middle Eastern whip known as the kurbash This monograph is one of the most significant etymological works directed at a single phrase It is the gold standard on deep drill focused and exhaustive single word lexicography and will be of interest to lexicographers and linguists in the relevant fields

Maximizing the Impacts of Academic Research Patrick Dunleavy, Jane Tinkler, 2020-10-10 This is an invaluable guide to better research communication within and beyond academia With many years of research experience the authors provide scholars and scientists with systematic advice on how to ensure their research reaches its potential and grows the recognition influence practical application and public understanding of science and scholarship It begins by examining how citations work and evaluating the different measures of academic influence from legacy bibliometric systems to altmetrics and digital metrics Subsequent chapters show readers how to craft impactful journal articles work effectively with co authors create a portfolio of publications and build a digital strategy that promotes knowledge exchange Checklists help readers decide how and in what format to publish enabling them to get their research in front of the right people Throughout the authors illustrate impact with data drawn from a wide range of disciplines *Maximizing the Impacts of Academic Research* is ideal for PhD students and early career researchers taking their first steps into academic research experienced researchers mentoring the next generation of scholars and scientists and established academics looking to systematically review and upgrade their existing impact practices

Principles and Practice of Stereotactic Radiosurgery Lawrence S. Chin, William F. Regine, 2015-01-05 *Principles and Practice of Stereotactic Radiosurgery* Second Edition serves as the definitive reference textbook for SRS practitioners It provides a theoretical basis for the use of therapeutic radiation including imaging techniques and radiobiology The bulk of the textbook contains chapters that are comprehensive in scope on all diseases that are treated by SRS Lastly it addresses administrative and technical aspects of running an SRS unit Each chapter provides an

expansive treatment of the subject with emphasis placed on the technical aspects of SRS so that practitioners in this field can use it as a daily reference Written by noted experts in the field Principles and Practice of Stereotactic Radiosurgery Second Edition is the only reference needed for neurosurgeons radiation oncologists and medical physicists at all levels of training and practice who are interested in SRS

A Philosophical History of Documentary, 1960-1990 Dan Geva, 2025-08-03 A Philosophical History of Documentary 1960 1990 is the second book in a three volume set It offers a systematic hermeneutical reading of thirty definitions of Documentary from 1960 to 1990 by then a familiar already used and abused dialectical object of thought and practice The book progresses chronologically through three decades of ongoing efforts by documentarians theorists historians and philosophers to define Documentary examining the philosophical foundations ethical implications and evolving documentarological sensibilities of these definitions It also reassesses the intense ontological debates about Documentary highlighting the discourse s expanding definitional landscape Building on the first volume which examined thirty definitions from 1895 to 1959 this work weaves an intricate hermeneutical network of interconnections among all sixty definitions It further anticipates the third volume which will analyze forty additional definitions of Documentary from 1991 to the present offering a comprehensive philosophical history of the evolution of Documentary as both concept and practice

An Anatomy of Witchcraft Oscar Di Simplicio, Martina Di Simplicio, 2023-11-30 Much has been written on witchcraft by historians theologians philosophers and anthropologists but nothing by scientists This book aims to reappraise witchcraft by applying to it the advances in cognitive sciences The book is divided into four parts Part I Deep History deals with human emotions and the drive to represent witches as evil female agents Part II Historical Times focuses on those rare state and church repressions of malefice which surprisingly did not feature in Islamic lands Modern urbanization dealt a blow to the rural civilizations where accusations of witchcraft were rife Part III In the Laboratory applies neuroscience to specific case studies to investigate the personification of misfortune the millenary stereotype witch woman the reality of evil and the phenomenon of treasure hunting Part IV Millenials wonders whether intentional malefic hatred in a closed chapter in the history of humanity An Anatomy of Witchcraft is ideal reading for students and scholars Given its interdisciplinary nature the book will be of interest to scholars from many fields including evolutionary psychology anthropology women s history and cognitive sciences

Text Genetics in Literary Modernism and other Essays Hans Walter Gabler, 2018-02-20 This collection of essays from world renowned scholar Hans Walter Gabler contains writings from a decade and a half of retirement spent exploring textual criticism genetic criticism and literary criticism In these sixteen stimulating contributions he develops theories of textual criticism and editing that are inflected by our advance into the digital era structurally analyses arts of composition in literature and music and traces the cultural implications discernible in book design and in the canonisation of works of literature and their authors Distinctive and ambitious these essays move beyond the concerns of the community of critics and scholars Gabler responds innovatively to the issues involved and often

endeavours to re think their urgencies by bringing together the orthodox tenets of different schools of textual criticism He moves between a variety of topics ranging from fresh genetic approaches to the work of James Joyce and Virginia Woolf to significant contributions to the theorisation of scholarly editing in the digital age Written in Gabler s fluent style these rich and elegant compositions are essential reading for literary and textual critics scholarly editors readers of James Joyce New Modernism specialists and all those interested in textual scholarship and digital editing under the umbrella of Digital Humanities

The Political Right and Equality Matthew McManus,2023-07-21 McManus presents an intellectual history of the conservative and reactionary tradition stretching from Aristotle and Filmer to Alexander Dugin and Patrick Deneen Providing a comprehensive critical genealogy of the intellectual political right McManus traces its core to a nostalgia for the hierarchical cosmos of antiquarian and scholastic thinking The yearning for a shared vision of the universe where each part of reality has its place maps onto the conservative admiration for orderly political and social stratification It stamps even the more moderate forms of liberal conservatism which emerged in the aftermath of the revolutionary 18th century as the political right struggled to accept and later master first the politics of liberal capitalism and later universal suffrage In its most radical forms this nostalgia for an orderly and hierarchical existence can harden into a resentment at the perceived shallowness of liberal modernity McManus argues for those who support the project of modernity to commit themselves to better understanding the depth of the political right s critiques many of which expose uncomfortable but solvable problems with the quest for equality and freedom A critical guide to the history of conservative and reactionary thought for students and scholars of political science and political history While there are a lot of competing explanations for the contemporary rise of right wing forces Matt McManus new book suggests that it is hostility to equality that actually unites the right Zeroing in on key intellectuals and writers McManus in a sharply written text offers a compelling explanation for the disproportionate intensity of right wing grievance politics

P.C. Barua Shoma A. Chatterji,2011-02-04 Pramathesh Chandra Barua or P C Barua as he was known was an enigma through his life Born into a royal family this prince turned actor director changed the theatrical manner of stylised acting into the conversational manner of real life situations His rise as an actor director was matched with tragic failures in his personal life Strangely the last stage of his life resembled that of the hero he made famous Devdas Alcohol became his nemesis he was consumed by tuberculosis and died an untimely death This book traces the life and towering achievements of one of the legends of Indian cinema

Staging Decadence Adam Alston,2023-09-07 Winner of the 2024 TaPRA David Bradby Monograph Prize How is decadence being staged today as a practice issue pejorative and as a site of pleasure Where might we find it why might we look for it and who is decadence for This book is the first monographic study of decadence in theatre and performance Adam Alston makes a passionate case for the contemporary relevance of decadence in the thick of a resurgent culture war by focusing on its antithetical relationship to capitalist led growth progress and intensified productivity He argues that the qualities used to disparage the study and practice of theatre

and performance are the very things we should embrace in celebrating their value namely their spectacular uselessness wastefulness outmodedness and abundant potential for producing forms of creativity that flow away from the ends and excesses of capitalism Alston covers an eclectic range of examples by Julia Bardsley UK Hasard Le Sin Finland jaamil olawale kosoko USA Toco Nikaido Japan Martin O Brien UK Toshiki Okada Japan Marcel l Ant nez Roca Spain Normandy Sherwood USA The Uhuruverse USA Nia O Witherspoon USA and Wunderbaum Netherlands Expect ruminations on monstrous scenographies catatonic choreographies turbo charged freneticism visions of the apocalypse and what might lie in its wake

History of Tempeh and Tempeh Products (1815-2020) William Shurtleff; Akiko Aoyagi, 2020-03-22 The world s most comprehensive well documented and well illustrated book on this subject With extensive subject and geographical index 234 photographs and illustrations mostly color Free of charge in digital PDF format on Google Books
