I Sold Andy Warhol Too Soon:

I Sold Andy Warhol (Too Soon) Richard Polsky, 2009-09-15 In early 2005 Richard Polsky decided to put his much loved hard won Warhol Fright Wig up for auction at Christie's The market for contemporary art was robust and he was hoping to turn a profit His instinct seemed to be on target his picture sold for 375 000 But if only Polsky had waited Over the next two years prices soared to unimaginable heights with multimillion dollar deals that became the norm and not the exception Buyers and sellers were baffled art dealers were bypassed for auction houses and benchmark prices proved that trees really do grow to the sky Had the market lost all reason In I Sold Andy Warhol Too Soon Polsky leads the way through this explosive short lived period when the art world became the art market He delves into the behind the scenes politics of auctions the shift in power away from galleries and the search for affordable art in a rich man's playing field Unlike most in the art world Polsky is not afraid to tell it like it is as he negotiates deals for clients in New York London and San Francisco and seeks out a replacement for his lost Fright Wig in a market that has galloped beyond his means A compelling backdoor tell all about the strange and fickle world of art collecting I Sold Andy Warhol Too Soon takes an unvarnished look at how the industry shifted from art appreciation to monetary appreciation

and effects Arguing all films unfold in time he suggests duration is more fundamental to cinema than motion initiating fresh inquiries into film s manipulation of temporality from rigidly structured works to those with more ambiguous and open ended frameworks Remes s discussion integrates the writings of Roland Barthes Gilles Deleuze Tom Gunning Rudolf Arnheim Raymond Bellour and Noel Carroll and will appeal to students of film theory experimental cinema intermedia studies and aesthetics
