Rosalynn a peanut farmer and civic leader whose guilt over staying silent during the civil rights movement and not confronting the white terrorism around him helped power his quest for racial justice at home and abroad an obscure born again governor whose brilliant 1976 campaign demolished the racist wing of the Democratic Party and took him from zero percent to the presidency a stubborn outsider who failed politically amid the bad economy of the 1970s and the seizure of American hostages in Iran but succeeded in engineering peace between Israel and Egypt amassing a historic environmental record moving the government from tokenism to diversity setting a new global standard for human rights and normalizing relations with China among other unheralded and far sighted achievements After leaving office Carter eradicated diseases built houses for the poor and taught Sunday school into his mid nineties This important fair minded highly readable contribution The New York Times Book Review will change our understanding of perhaps the most misunderstood president in American history

A Watchman in the Night Cal Thomas, 2023-05-09 When Cal Thomas speaks I try to listen I ve been listening to him for a LONG time Mike Huckabee For more than 40 years Cal Thomas had a front row seat to some of America s most contentious public policy debates And for more than four decades Cal wielded his pen to speak truth to power and to advance traditional conservative values Cal s stories and tales from that front row as the watchman are sure to entertain Mike Pence A new bestselling page turner Washington Examiner This is what I have done and am continuing to do as I seek to serve God first and then my country Cal Thomas Cal Thomas one of the most popular syndicated columnists in the country is America s Watchman in the night In A Watchman in the Night Cal Thomas takes the reader on a road trip through over fifty years of journalism and American life serving as a watchman on culture and politics and seeking to conform it to a standard that never changes A watchman keeps guard over a building at night to protect it from fire vandals or thieves Thomas is a believer that certain values and principles never change and has critiqued misbehavior and wrong headedness by people on his side from the start If values and Truth mean anything Thomas says they must be applied equally Hypocrisy and heresy cannot be ignored no matter the source In the book Thomas does not stigmatize labels such as conservative and religious because Thomas says It allows people to define me and others by their perception of those labels Ask me a question and I will give you my answer For over fifty years in journalism Thomas has offered incisive humorous and often corrective commentary to our social political and religious conversations An early commitment to addressing publicly what he sees has marked Thomas entire career Cal has always called both parties both sides of the American political divide to account to take the high road and to honor our civic and religious ideals with compatible behavior to the very best of our ability This increasingly radical approach to public life has won him many friends on both sides of the political aisle hundreds of thousands of faithful readers of his columns and a continuous barrage of accolades and hate mail much of it charming when it is not too foul to repeat Cal came to the Christian faith while a young journalist at a dinner led by Dr Richard Halverson Pastor at Fourth Presbyterian Church in Bethesda MD and later Chaplain of the United States Senate This

experience informed the rest of Cal's life as he hosted his own private dinners for members of the press and members of Congress from both parties leading to deep friendships with Senator Ted Kennedy and many others friendships which became a hallmark of Cal's life despite wide political differences For over two decades Cal has hosted the National Prayer Breakfast Media Dinner as a continuation of his commitment to the reality that a relationship with Jesus Christ can change a person's life and ultimately change a nation and that things of such import are best discussed over dinner The book includes tones about faith but focuses on American social cultural and political currents A Watchman in the Night What I've Seen Over 50 Years Reporting on America is a living history of our times of who we were then and who we are now and who we might become for better or worse in the future and a remarkable chronicle of modern American life **You Are Not Alone:**
