Elevation and Protection Ibn al-‘Arabī,2007 **Guide of the Believer** Mustafa Umar,2012-11-16 This work presents the
essential details of purification and prayer which should be known by every serious Muslim Avoiding hypothetical and
unlikely cases it deals with issues that are likely to arise in the life of the average urban Muslim Among the main features of
this book is that it balances legal issues with healthy doses of spirituality and addresses contemporary issues such as wearing
nail polish holding a digital Qur an without purifying using hormones to delay menstruation praying on an airplane etc Guide
of the Believer is like a modern instruction manual which can be read independently or studied in detail with an expert in the
field *The Book of the Secrets of Prayer and its Requirements* Imam Al-Ghazali, This book describes the importance of
prayer and its requirements It describes what is essential for the disciple in terms of the external acts and its inner secrets of
prayer and revealing its refined hidden meanings in terms of humility sincerity and intention Presented to the English
speaking public is a translation of two chapters of Ghazal s great work Ihya ulum al din The chapter is entitled kitabasar al
salah the book of the secrets of prayer and its requirements This translation was originally carried out by E E Caverley which
I have edited in places to give the reader a clearer understanding of the text and correcting the Quranic references I have
also included in the book the prophetic narrations in the original Arabic to give the reader of Arabic a fuller flavour of the
intended meaning The two chapters selected are entitled fefadail al salahwa al sajudwa aljama hwa al azaanwaibariha virtue
of the prayer prostration congregation call to prayer and its precepts And the third chapter from the book entitled fee
shuruut al batinah min a amaal al qalb Inward stipulations for the acts of the heart The first chapter generally focuses on the
pre eminent status of prayer and its superiority over all other forms of worship in Islam Instilling in the one who is about to
initiate the prayer the enormity and seriousness of the action The second chapter in the book focuses on the mind set of the
one who is engaged in prayer humility being a fundamental pillar in this regard Imam Ghazali also offers practical remedies
to attain this status of humility and describes the base nature of heedlessness before one s Creator I hope this book acts as a
means of proximity since nothing can facilitate this noble goal to reach one s Lord but the Prayer But prostate in adoration
and bring thyself the closer to Allah Surah Alaq 19 **The Mysteries of Purity [Ihya Ulum Al-din. Book 3. English]**
