*God and Country* Michael Ortiz, 2007 Those who are sworn to serve their country in the armed forces are servants of the security and freedom of the nations If they carry out their duty honorably they truly contribute to the common good of the nation and the maintenance of peace Catechism of the Catholic Church 2310 This prayer book for Catholic men and women in the U S military features reflections written by a military chaplain plus traditional Catholic prayers including a morning and evening prayer Each reflection includes Scripture a brief story to inspire a call to meditate on the Scripture and on the story and a question for the reader to ponder on how this relates to one's daily life For God and My Country J. J.

Carney, 2020-10-27 A devout Catholic politician assassinated by a capricious dictator A Cardinal standing up for his people in the face of political repression A priest leading his nation's constitutional revision The Mother Teresa of Uganda transforming the lives of thousands of abandoned children Two missionaries who founded the best community radio station in Africa A peace activist who has amplified the voices of grassroots women in the midst of a brutal civil war Such are the powerful stories in *For God and My Country* a book that explores how seven inspiring leaders in Uganda's largest religious community have shaped the social and political life of their country Drawing on extensive oral research J J Carney analyzes how personal faith theological vision and Catholic social teaching have propelled these leaders to embody Vatican II's call for the Church to be a sign of communion and unity in the world Readers will gain rich insight into Uganda's postcolonial politics and the history of one of Africa's most important Catholic communities Each chapter closes with leadership lessons and reflection questions making this an ideal text for classroom and parish adoption Captains of the Soul Michael

Gladwin, 2013-12-19 Known affectionately as Padres chaplains have been integral to the Australian Army for a century From the legendary William Fighting Mac McKenzie whose friendships with diggers in the trenches of Gallipoli and France made him a national figure in 1918 to Harold Wardale Greenwood who died caring for the sick while a POW on the brutal Sandakan death march in July 1945 this book assesses the contribution of Australian Army chaplains in conflicts and peacekeeping missions in barracks and among service families Drawing on a wealth of original archival material and little known published sources *Captains of the Soul* represents the first comprehensive account of Australian Army chaplains It surveys their changing role and experience from the Great War of 1914-18 to the recent conflict in Afghanistan charts the evolution of the Royal Australian Army Chaplains Department across its first century and addresses the significance of Army chaplaincy for Australia's military religious and cultural history It is a story of personal conviction and selfless devotion

*God's Country, Uncle Sam's Land* Todd M. Kerstetter, 2006 While many studies of religion in the West have focused on the region's diversity freedom and individualism Todd M Kerstetter brings together the three most glaring exceptions to those rules to explore the boundaries of tolerance as enforced by society and the U S government *God's Country Uncle Sam's Land* analyzes Mormon history from the Utah Expedition and Mountain Meadows Massacre of 1857 through subsequent

decades of federal legislative and judicial actions aimed at ending polygamy and limiting church power. It also focuses on the Lakota Ghost Dancers and the Wounded Knee Massacre in South Dakota 1890 and the Branch Davidians in Waco Texas 1993. In sharp contrast to the mythic image of the West as the Land of the Free, these three tragic episodes reveal the West as a cultural battleground. In the words of one reporter, a collision of guns, God, and government. Kerstetter asks important questions about what happens when groups with a deep trust in their differing inner truths meet, and he exposes the religious motivations behind government policies that worked to alter Mormonism and extinguish Native American beliefs. *Faith in Freedom* Andrew R. Polk, 2021-12-15. In *Faith in Freedom* Andrew R. Polk argues that the American civil religion, so many have identified as indigenous to the founding ideology, was in fact the result of a strategic campaign of religious propaganda. Far from being the natural result of the nation's religious underpinning or the later spiritual machinations of conservative Protestants, American civil religion and the resultant Christian nationalism of today were crafted by secular elites in the middle of the twentieth century. Polk's genealogy of the national motto 'In God We Trust' revises the very meaning of the contemporary American nation. Polk shows how Presidents Franklin D. Roosevelt, Harry S. Truman, and Dwight D. Eisenhower, working with politicians, advertising executives, and military public relations experts, exploited denominational religious affiliations and beliefs in order to unite Americans during the Second World War and then the early Cold War. Armed opposition to the Soviet Union was coupled with militant support for free economic markets, local control of education and housing, and liberties of speech and worship. These preferences were cultivated by state actors so as to support a set of right-wing positions including anti-communism, the Jim Crow status quo, and limited taxation and regulation. *Faith in Freedom* is a pioneering work of American religious history. By assessing the ideas, policies, and actions of three US Presidents and their White House staff, Polk sheds light on the origins of the ideological, religious, and partisan divides that describe the American polity today.

**Religion in the Lands That Became America** Thomas A. Tweed,2025-05-13 A sweeping retelling of American religious history showing how religion has enhanced and hindered human flourishing from the Ice Age to the Information Age Until

now the standard narrative of American religious history has begun with English settlers in Jamestown or Plymouth and remained predominantly Protestant and Atlantic Driven by his strong sense of the historical and moral shortcomings of the usual story Thomas A Tweed offers a very different narrative in this ambitious new history He begins the story much earlier 11 000 years ago at a rock shelter in present day Texas and follows Indigenous Peoples African Americans transnational migrants and people of many faiths as they transform the landscape and confront the big lifeway transitions from foraging to farming and from factories to fiber optics Setting aside the familiar narrative themes he highlights sustainability showing how religion both promoted and inhibited individual communal and environmental flourishing during three sustainability crises the medieval Cornfield Crisis which destabilized Indigenous ceremonial centers the Colonial Crisis which began with the displacement of Indigenous Peoples and the enslavement of Africans and the Industrial Crisis which brought social inequity and environmental degradation The unresolved Colonial and Industrial Crises continue to haunt the nation Tweed suggests but he recovers historical sources of hope as he retells the rich story of America s religious past *Triumph* ,1974
