God Players Phil Valentine:

The God Players Phil Valentine, 2015 There is no more controversial subject than homosexuality The primary argument has been over nature vs nurture Are homosexuals born that way Dr Clark Penrose has settled that argument with his discovery of the gay gene Now the real controversy begins Do parents have the right to prevent their child from being born gay GALLANT Gay And Lesbian Liberation And National Tolerance is first out of the gate to file a lawsuit to stop Dr Penrose But they aren't the only ones The Christian Way Organization objects to the procedure on the basis that once genetic tampering is allowed it will never stop Parents will be able to order up a baby like buying a new car The fact that Dr Penrose has found the gay gene puts the founder of CWO Lucius Gaylord in a quandary He's been preaching for years that homosexuality is a sin Can being gay really be a sin if one is born that way Kurt Ford is an ambitious greenhorn attorney who's been chosen by the firm's senior partner to handle the Penrose case Trouble is Kurt Ford is gay Does he choose to do his duty as an attorney and blindly represent his client or does he have a bigger obligation to people of his own kind It all plays out in a courtroom drama with twists and turns that continue even after the verdict is read *Valentine Charms* Anne

The 100 Greatest Metal Guitarists Joel McIver, 2008-12-15 The 100 Greatest Metal Guitarists is a controversial and much needed guide to the world of metal guitar featuring the most accomplished performers from the vast legions of metal As well as celebrating the classic metal musicians who have defined the scene since the 1970s author Joel McIver delves deep into the modern thrash metal death metal black metal doom metal power metal and battle metal movements to unearth those

players for whom no tremolo divebomb is too high and no tuning is too low This book is no mere list for geeks though McIver's objective in writing this book is to recognise the incredible skills that these players possess Moreover although they're all masters of sweep picking fretboard tapping and the other tricks of the modern shredder these players are far from simple speed freaks The 100 Greatest makes a point of featuring players whose feel and instinct for the values of metal outweigh mere technical mastery If you've ever wielded a tennis racket in anger in front of a bedroom mirror or even if you're a metal musician yourself you need this book the world of the overdriven guitar will never look the same again
