Neumaier-Dargyay, Ronald Neufeldt, 1988-09-19 Developed principally for use in introductory courses in the study of religious traditions in the East this anthology offers a selection of readings from primary texts of India China and Japan The selections are arranged both chronologically and thematically within religious traditions and include readings from Hinduism Jainism Buddhism including Tibetan Buddhism Sikhism Early Chinese thought Confucianism Taoism Mao Tse Tung Shintoism and Japan's new religions Tenrikyo and Sokka Gakkai Throughout the anthology an effort has been made to present more than the usual short excerpts As much as possible larger excerpts have been included to give students a better sense of significant developments within traditions As well doctrinal elements have been combined with story to make these traditions more than museum pieces for students

Who Dwells in You? Dr. Mark Miravalle, This little work will take a brief look at two basic questions that deeply affect the lives and actions of every single person on the face of the earth The first Is God inside every human being Regardless of differences in race culture or even religious beliefs can a case be made that God in some real way exists in every living breathing human person The second question Is the Trinity inside some human beings This goes to the issue of you That's why it's so important that every human being as sacred and dignified in himself or herself be honest and courageous enough to ask the life changing question what's inside of me If the answer might be God or even more amazingly the Three Divine Persons of the Trinity than that could make an eternal difference

The Lost Will and Testament of Jesus Christ Raymond Broad, 2014-10-12 This book draws the reader into an incredible mine of truth about the Christian's heritages of true intimate fellowship with both their God and their fellow Christians The picture of choice of these incredible benefits is the text of the new covenant It will be shown that the almost universal ignorance about the new covenant is an accurate picture of the ignorance of its benefits in the average Christian life Concurrent with these revelations is the complete burial of the old covenant which has persistently clouded our view of the new This feature will be quite shocking to most readers but it will be shown to be necessary if any benefit is to be derived from the NC In return there are incredible blessings open to those who make this plunge which have been hidden for centuries Using Paul's analogy of a house plan the writer has built an outline of the Christian life and its hidden benefits never been seen before Herein lies hope and blessing and power as the early church understood it to be
