GREETINGS

The American Friends of the Hebrew University in Jerusalem extend the warmest New Year Greetings to the men and women in this country who have contributed to the growth and development of the great institution on Mount Scopus. In these trying days when the destiny of the Jewish people in Israel is being shaped, and the greatest urgency that the Jewish values which have ever sustained the Jewish people be preserved.

The Hebrew University, the new Jewish Temple, embodies best Jewish values. It is for America to dedicate itself to the building up of the Hebrew University which will form a precious link between the Jews of Israel and the Jews of the world. May the New Year bring peace to Israel and happiness to all.

—I. S. WECHSLER

Israel Government Urges Jewry Support University

The provisional government of Israel gave official recognition to the Hebrew University's leadership in shaping the scientific and cultural future of the Jewish people in an epoch-making resolution which "calls upon Jews throughout the world to come to the aid of the University in the fulfillment of its tasks."

Recently adopted to express the Government's attitude toward the University, the resolution reinforces the leaders of the institution in their determination to maintain the University in Jerusalem in the face of military threats, and to "establish in that city a complete University" which will rank with the world's foremost centers of higher learning.

The complete text of the resolution, with its emphasis on the vital significance of Jerusalem to Jews throughout the world, is reproduced here:

1. The Government of Israel resolves that in the future, as in the past, the city of Jerusalem shall be the religious, cultural and scientific center of the entire country and the Jewish people.

2. The Government therefore resolves that it is incumbent upon the Hebrew

University to continue its activities and to develop them in Jerusalem as a central scientific institution of Palestine and the State of Israel.

3. The Government will extend to the University all assistance possible for its maintenance, development and the expansion of its work.

Felix M. Warburg, one of the founders and the first president of the American Friends.

Dr. A. S. W. Rosenbach, noted bibliophile, who served as the second president of the American Friends.

Health Bulletin Vol 51 January:

The Health Bulletin, Vol. 51 George Hughes Kirby, 2015-07-08 Excerpt from The Health Bulletin Vol 51 January 1936

In this our first issue of the New Year we are doing two unusual things First we are dedicating the issue to the memory of the late Dr George H Kirby who perhaps scaled the scientific heights to a point never before reached by a physician born reared and educated in North Carolina Second we are devoting the whole issue to a republication of an article written by Dr Andrew H Woods who is now doing a great work in Iowa Dr Woods article was first published in the Iowa State Department of Health Bulletin for June 1935 Dr Bierring Iowa State Health Commissioner and Dr Woods grant us permission to republish Our readers will find the information interesting and helpful Our friend Dr James K Hall of Richmond himself a successful and widely known authority on mental diseases and beloved by his fellow North Carolinians in a personal letter soon after Dr Kirby's death said I feel like urging you to republish in your Bulletin every word of Dr Woods pamphlet The problems cannot be talked about too frankly I believe that if you would send that material out widely throughout the State that you would shake the folks up Why not make the issue a Mental Hygiene issue as a tribute to Dr Kirby Dr Treadway of the U S P H Service told the Southern Medical Association at St Louis a few weeks ago that More people are hospitalized right at this moment in the United States on account of mental sickness than on account of any other single cause And further that We are dealing with mental sickness as a public health problem about as we did with physical disease eighty years ago We pass along the challenge to the only group who can accept it Dr Hall wrote further about Dr Kirby George Kirby was in my opinion one of the very best if not the best psychiatrist in this country He was deeply and broadly educated he was first and for a long time a profound student of the structure of the human body and later became specifically interested in the function of the nervous system I know of no other man who was better prepared in his latter years to practice psychiatry and to teach it And with it all he remained the quiet modest self effacing Southern gentleman High praise indeed from a competent authority but every word deserved Dr Kirby was born in Goldsboro N C February 9 1875 and died in Portsmouth N H August 11 1935 He was graduated from the University of North Carolina in 1896 He completed his medical education in New York and on graduation became associated with the celebrated Dr Adolph Meyer at a New York State Hospital He spent many years as Professor of Psychiatry at Cornell Medical School and the College of Physicians and Surgeons of Columbia University He was president of the American Psychiatric Association and editor of its journal Perhaps his greatest contribution was the planning and carrying through to a successful conclusion the New York State Psychiatric Institute as a unit of the joint Columbia Presbyterian Medical Centre He was the recipient of many honorary degrees one from the University of North Carolina conferred in 1929 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged
