Education in Nigeria Joseph A. Balogun, 2020-12-30 This book provides a comprehensive and authoritative assessment of the training of health professionals in Nigeria looking back to how health care education has evolved in the country over time before investigating new and emerging trends The book begins with a discussion of the fundamentals of health care education the art of teaching health care students and modeling professionalism in health care The book highlights the work of pioneer Nigerian health care academics and explores the administration of health care education at departmental level Finally it highlights the role of elite Nigerian health care academics in the diaspora chronicles contemporary challenges in

health care education and makes recommendations for reform This book will be of interest to students scholars and practitioners working on health care education in Africa

Handbook of Education Policy Research Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17 The second edition of the Handbook of Education Policy Research the largest volume published in AERA's history addresses a variety of policy and contextual issues in early childhood K 12 and postsecondary education that have received extensive empirical attention during the past 15 years With the pandemic and social turmoil as a backdrop the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects methods theories and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s The field has become more comprehensive and inclusive and the authors represent a diversity of racial ethnic and gender identities and intellectual and disciplinary orientations Most chapters come from multiple authors reflecting the multi sourced development of research in education policy since the first volume was published This compilation consists of 70 chapters and nine commentaries that map past present and future directions of the field and richly attend to critical issues of interest to students researchers policy makers and practitioners

Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2015 John R. Vile, 2015-07-20 Now in its fourth edition and completely updated this is the most comprehensive book on constitutional amendments and proposed amendments available Although only 27 amendments have ever been added to the U S Constitution the last one having been ratified in 1992 throughout American history members of Congress have introduced more than 11 000 amendments and countless individuals outside of Congress have advanced their own proposals to revise the Constitution the wellspring of America's legal political and cultural foundations At a time when calls for a new constitutional convention are on the rise it is essential for students of political science and history as well as American citizens to understand proposed alternatives This updated edition of the established standard for high school and college libraries as well as public and law libraries serves as the go to reference for learning about existing constitutional amendments proposed amendments and the issues related to them An alphabetically arranged two volume set it contains more than 500 entries that discuss amendments that have been proposed in Congress from 1789 to the present It also discusses prominent proposals for extensive constitutional changes introduced outside Congress as well as discussions of major amending issues
