Heart Rome Ancient Political Culture:

The Heart of Rome Jan H. Blits, 2013-12-05 The essays in this book examine the political activities and institutions of pre Imperial Rome in conjunction with the habits of the hearts and the minds of the Romans Relying on the writings of ancient authors the essays analyze significant political developments and events They attempt to draw out the meaning of what the authors say and impose no theory on the ancient writings Nor do they pursue the methodological techniques of contemporary historiography While avoiding such common present day anachronisms they take their guidance directly from the ancient historians themselves and examine their understanding of Rome s political history and culture Harking back to the ancient view that a political culture or regime is both a city s form of government and its way of life the essays trying to be true to the full character of Roman political life seek to understand the political activities and the souls of the Romans and to understand each in the light of the other

The Transformation of American Political Culture and the Impact on Foreign Strategy PAN Yaling, 2021-12-30 This book examines the interplay between political culture and diplomatic strategy in the U S revealing the transformation of American political culture and its impact on the country s foreign strategy The theoretical pivot of this study is an analysis of the dynamics of political culture and the mechanisms of the interaction between political culture and diplomatic strategy Given this premise the core chapters revisit the historical transformations of American political culture and analyze the responses and countermeasures taken to attempt to reverse the perceived decline in American hegemony during the presidencies of George W Bush Barack Obama and Donald Trump factors interwoven with security economic and institutional crises The discussion describes the landscape and evolution of contemporary American political culture and the correlated adjustments of U S global strategy over the course of the twenty first century Given the myriad of challenges and political legacies left by its predecessors the author gives a pessimistic prognosis of the prospect of resolving America s political plight by the Joe Biden administration The title will be a valuable reference for academic and general readers

interested in American politics U S diplomatic strategy and international relations **Roman Political Thought** Jed W. Atkins, 2018-04-12 What can the Romans teach us about politics This thematic introduction to Roman political thought shows how the Roman world developed political ideas of lasting significance from the consequential constitutional notions of the separation of powers political legitimacy and individual rights to key concepts in international relations such as imperialism just war theory and cosmopolitanism Jed W Atkins relates these and many other important ideas to Roman republicanism traces their evolution across all major periods of Roman history and describes Christianity s important contributions to their development Using the politics and political thought of the United States as a case study he argues that the relevance of Roman political thought for modern liberal democracies lies in the profound mixture of ideas both familiar and foreign to us that shape and enliven Roman republicanism Accessible to students and non specialists this book provides an invaluable guide to Roman political thought and its enduring legacies **A Companion to the Political Culture of the Roman**

Republic Valentina Arena, Jonathan R. W. Prag, Andrew Stiles, 2022-01-25 An insightful and original exploration of Roman Republic politics In *A Companion to the Political Culture of the Roman Republic* editors Valentina Arena and Jonathan Prag deliver an incisive and original collection of forty contributions from leading academics representing various intellectual and academic traditions The collected works represent some of the best scholarship in recent decades and adopt a variety of approaches each of which confronts major problems in the field and contributes to ongoing research The book represents a new updated and comprehensive view of the political world of Republican Rome and some of the included essays are available in English for the first time Divided into six parts the discussions consider the institutionalized loci political actors and values rituals and discourse that characterized Republican Rome The Companion also offers several case studies and sections on the history of the interpretation of political life in the Roman Republic Key features include A thorough introduction to the Roman political world as seen through the wider lenses of Roman political culture Comprehensive explorations of the fundamental components of Roman political culture including ideas and values civic and religious rituals myths and communicative strategies Practical discussions of Roman Republic institutions both with reference to their formal rules and prescriptions and as patterns of social organization In depth examinations of the afterlife of the Roman Republic both in ancient authors and in early modern and modern times Perfect for students of all levels of the ancient world *A Companion to the Political Culture of the Roman Republic* will also earn a place in the libraries of scholars and students of politics political history and the history of ideas

Historical Dictionary of Democracy Norman Abjorensen, 2019-06-15 Democracy is easy to talk about but hard to define in other than broad generalizations its history is a long complex and contested subject What this volume seeks to do is to explore the general evolution of political and social thinking that would eventually coalesce into what we now know as democracy for all its imperfections and shortcomings The question of just why some societies evolved into a democratic trajectory and others did not continues to engage the interest of historians political scientists sociologists and anthropologists Much conjecture surrounds the rise of certain elements we now recognize if not as democratic then proto democratic such as collective decision making constraints on the exercise of power and a degree of accountability of the ruler to the ruled If democracy in the sense of rule by the people has two essential qualities rule by the majority and the equal treatment of free citizens then its origins however feeble are to be found in these early examples of government *Historical Dictionary of Democracy* contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 600 cross referenced entries This book is an excellent resource for students researchers and anyone wanting to know more about democracy

The Tragedy of Julius Caesar William Shakespeare, 2018-09-15 Jan Blits edition represents something new among editions of Julius Caesar In addition to textual glosses and explanatory notes focused on the rhetorical historical and political contexts of the speeches it includes a wide array of quotations and citations from writers of classical antiquity chosen to illuminate passages of special pertinence to the

Roman world represented in the play Highlighting Shakespeare's significance as a political thinker it also demonstrates his deep understanding of Roman antiquity its competing worldviews and the demise of its Republic Intended for a broad readership the edition also includes a Preface Introduction Bibliography and a topical Index *Rome and the Spirit of Caesar* Jan H. Blits, 2015-09-17 *Rome and the Spirit of Caesar* providing a fresh interpretation of Julius Caesar is a thorough examination of Shakespeare's presentation of the final throes of republican Rome's political decay and demise and the rise of Caesarism As in his previous studies of Shakespeare's plays Blits pursuing his distinctive approach follows Caesar through scene by scene speech by speech line by line reaching his conclusions by closely examining Shakespeare's text Approaching the play as a coherent whole he examines the whole in the light of its parts and the parts in the light of the whole Since each presupposes the other he considers the whole and its parts together He carefully relates the play's details to its major themes and grounds the themes in and supports them by the details While intruding no literary theory on the play Blits brings out the historical and perennial political substance that Shakespeare deliberately put into it He shows that *Caesar* is a work of historical poetry shaped by Shakespeare's mastery of the Roman histories and the Hellenistic philosophies bearing directly on his subject Topics include the love of honor and fame heroic ambition and glory virtue and honor civic strife political murder the role of political oratory public versus private interests Caesarism the decay of liberty loyalty demagoguery luxury spiritedness superstition Stoicism and Epicureanism manliness friendship moral intimidation political imprudence foreign and civil war universal empire and the advent of Christianity *The Tragedy of Coriolanus* William Shakespeare, 2020-08-05 Intended for a wide audience Jan Blits's edition of Shakespeare's *The Tragedy of Coriolanus* differs from other such editions by focusing upon ancient sources to highlight the play's setting during the founding of the Roman Republic In doing so it sheds new light on both the action of the play and the historical and political significance of its setting *Rome's Revolution* Richard Alston, 2015 A lively engrossing history of the downfall of the Roman Republic *Empire and Political Cultures in the Roman World*, **Shakespeare's Roman Trilogy** Paul A. Cantor, 2017-06-28 Paul A. Cantor first probed Shakespeare's Roman plays *Coriolanus* *Julius Caesar* and *Antony and Cleopatra* in his landmark *Shakespeare's Rome* 1976 With *Shakespeare's Roman Trilogy* he now argues that these plays form an integrated trilogy that portrays the tragedy not simply of their protagonists but of an entire political community Cantor analyzes the way Shakespeare chronicles the rise and fall of the Roman Republic and the emergence of the Roman Empire The transformation of the ancient city into a cosmopolitan empire marks the end of the era of civic virtue in antiquity but it also opens up new spiritual possibilities that Shakespeare correlates with the rise of Christianity and thus the first stirrings of the medieval and the modern worlds More broadly Cantor places Shakespeare's plays in a long tradition of philosophical speculation about Rome with special emphasis on Machiavelli and Nietzsche two thinkers who provide important clues on how to read Shakespeare's works In a pathbreaking chapter he undertakes the first systematic comparison of Shakespeare and Nietzsche on Rome exploring their central point

of contention Did Christianity corrupt the Roman Empire or was the corruption of the Empire the precondition of the rise of Christianity Bringing Shakespeare into dialogue with other major thinkers about Rome Shakespeare's Roman Trilogy reveals the true profundity of the Roman Plays *Empire and Political Cultures in the Roman World* Emma Dench, 2018-08-09 This book evaluates a hundred years of scholarship on how empire transformed the Roman world and advances a new theory of how the empire worked and was experienced It engages extensively with Rome's Republican empire as well as the Empire of the Caesars examines a broad range of ancient evidence material documentary and literary that illuminates multiple perspectives and emphasizes the much longer history of imperial rule within which the Roman Empire emerged Steering a course between overemphasis on resistance and overemphasis on consensus it highlights the political social religious and cultural consequences of an imperial system within which functions of state were substantially delegated to or more often simply assumed by local agencies and institutions The book is accessible and of value to a wide range of undergraduate and graduate students as well as of interest to all scholars concerned with the rise and fall of the Roman Empire *Princes and Political Cultures* Greg Rowe, 2002 Texts translations and discussions of the major inscriptions of the period both Greek and Latin are provided Jacket *Political Conversations in Late Republican Rome* Cristina Rosillo López, 2022 This book analyses senatorial political conversations and illuminates the oral aspects of Roman politics it offers a new perspective of Roman politics through the proxy of conversations and meetings **A Social and Cultural History of Late Antiquity** Douglas Boin, 2018-03-20 2019 PROSE Award finalist in the Classics category A Social and Cultural History of Late Antiquity examines the social and cultural landscape of the Late Antique Mediterranean The text offers a picture of everyday life as it was lived in the spaces around and between two of the most memorable and towering figures of the time Constantine and Muhammad The author captures the period using a wide lens including Persian material from the mid third century through Umayyad material of the mid eighth century C E The book offers a rich picture of Late Antique life that is not just focused on Rome Constantinople or Christianity This important resource uses nuanced terms to talk about complex issues and fills a gap in the literature by surveying major themes such as power gender community cities politics law art and architecture and literary culture The book is richly illustrated and filled with maps lists of rulers and key events A Social and Cultural History of Late Antiquity is an essential guide that Paints a rich picture of daily life in Late Antique that is not simply centered on Rome Constantinople or Christianity Balances a thematic approach with rigorous attention to chronology Stresses the need for appreciating both sources and methods in the study of Late Antique history Offers a sophisticated model for investigating daily life and the complexities of individual and group identity in the rapidly changing Mediterranean world Includes useful maps city plans timelines and suggestions for further reading A Social and Cultural History of Late Antiquity offers an examination of everyday life in the era when adherents of three of the major religions of today Christianity Judaism and Islam faced each other for the first time in the same environment Learn more about A Social and Cultural History of Late Antiquity

s link to current social issues in Boin s article for the History News Network **The Soul of Latin America** Howard J. Wiarda,2003-01-01 To understand Latin America s political culture and to understand why it differs so greatly from that of the United States one must look beyond the political history of the region Howard J Wiarda explains in this comprehensive book A highly respected expert on Latin American politics Wiarda explores a sweeping array of Iberian and Latin American social economic institutional cultural and religious factors from ancient times to the twentieth century He illuminates the distinctive political attitudes and traditions of Latin America as well as the unique and not widely understood features of present day Latin American models of democracy While Ibero American and Western liberal traditions draw from the same classical thinkers they often emphasize different ideas and reach different conclusions Wiarda contends He traces the influences of Rome Islam medieval Christianity the Reconquest and Iberian feudalism and the powerful but largely unacknowledged effects of the Counter Reformation on Iberian and Latin American civilizations The author concludes with a discussion of recent changes in political culture and an assessment of the strength of democracy s hold in the nations of Latin America Cultures of Voting in Pre-modern Europe Serena Ferente,Lovro Kunčević,Miles Pattenden,2018-01-02 Cultures of Voting in Pre modern Europe examines the norms and practices of collective decision making across pre modern European history east and west and their influence in shaping both intra and inter communal relationships Bringing together the work of twenty specialist contributors this volume offers a unique range of case studies from Ancient Greece to the eighteenth century and explores voting in a range of different contexts with analysis that encompasses constitutional and ecclesiastical history social and cultural history the history of material culture and of political thought Together the case studies illustrate the influence of ancient models and ideas of voting on medieval and early modern collectivities and document the cultural and conceptual exchange between different spheres in which voting took place Above all they foreground voting as a crucial element of Europe s common political heritage and raise questions about the contribution of pre modern cultures of voting to modern political and institutional developments Offering a wide chronological and geographical scope Cultures of Voting in Pre modern Europe is aimed at scholars and students of the history of voting and is a fascinating contribution to the key debates that surround voting today A Cultural History of Tragedy in Antiquity Emily Wilson,2021-05-20 In this volume tragedy in antiquity is examined synoptically from its misty origins in archaic Greece through its central position in the civic life of ancient Athens and its performances across the Greek speaking world to its new and very different instantiations in Republican and Imperial Roman contexts Lively original essays by eminent scholars trace the shifting dramatic forms performance environments and social meanings of tragedy as it was repeatedly reinvented Tragedy was consistently seen as the most serious of all dramatic genres these essays trace a sequence of different visions of what the most serious kind of dramatic story might be and the most appropriate ways of telling those stories on stage Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy

and social theory religion ritual and myth politics of city and nation society and family and gender and sexuality Political Affections Joshua Hordern, 2013 A theological treatment of the role of affections such as joy compassion and shame in contemporary politics Hordern discusses what affections are and how they play a role in parts of political life such as representation and law He shows that affections have an intelligent role to play in fostering loyalty trust and public moral reasoning **Moments & Melodies** Udayan Banerjee, Metali Banerjee, 2024-06-30 Moments Melodies is a vibrant collection of life experiences and poetry by Mita and me chronicling my growth unforgettable vacations in Europe and Asia and my mother's life saving role Filled with humor warmth and detailed travelogue it inspires readers to savor life's fleeting moments and lingering melodies
