Hearts Aflame Prayers Of Susanna John And Charles Wesley:

Hearts Aflame Susanna Wesley, Charles Wesley, John Wesley, Michael D. McMullen, 1995 A popular edition of prayers by the Wesley family including previously unpublished material by Susanna Wesley May She Have a Word with You? S T Kimbrough Jr., 2019-08-13 Perhaps Charles Wesley's two volumes of Funeral Hymns 1746 and 1759 plus a few poems left in manuscript form are the least known of his poetical corpus They are a treasury however of his views on the importance of women in eighteenth century England as examples of how to live the Christian life Entries in his MS Journal indicate an extremely positive relationship with women who are his coequals in mission and in the Methodist societies and much of the work depended on them Furthermore Charles wrote numerous poems about women often occasioned by death which lift up individual women as models for the community at large and the church The intent of this volume is not to present a historical survey of these women or their historical place per se in the early Methodist movement rather the primary goal is to discover a literature that helps us to see the values which women had in the early Methodist movement and how those values were acknowledged recorded and fostered or encouraged by Charles Wesley particularly in his poetry The title May She Have a Word with You suggests there is a need today to hear of these women's exemplary words deeds and lives as a whole

McGrath, 2013-05-30 This text fills the need for a clear informative helpful and well written introduction to Christian spirituality Includes a detailed guide to resources in spirituality available on the Internet Written by a leading theological educationalist in a clear and accessible manner Encourages active engagement with primary sources through worked case studies So Longeth My Soul Joanna Collicutt, 2024-06-30 Students of Christian spirituality often have an ambivalent attitude to primary sources from the past On the one hand they are intrigued by the mysterious otherness of their and the promise that this very otherness may take them into exciting uncharted territory On the other hand they lack the confidence to navigate this territory so that what begins as strangely intriguing can quickly become just too weird The SCM Reader in Christian Spirituality not only offers a collection of readings from the classic texts of Christian spirituality but also gives the reader a way into these texts that enables them to be received as living and relevant for both personal spirituality and

ministry An introductory section guides the student through the process and offers techniques for approaching these often ancient texts The Reader then presents readings from the patristic to the end of the early modern period encompassing both the Eastern and Western church traditions grouped around key themes and including extensive notes and contextual material
