The Master Would Not Discuss", according to Yuan Mei (1716 - 1798): A Collection of Supernatural Stories (2 vols) Paolo Santangelo,2013-07-04 Although the preface says that the tales in this collection of supernatural stories should not be taken seriously and just aim to dispel boredom Zibuyu is a work with different reading levels which allows to uncover several deep trends taboos and fantasies of late imperial intellectual circles Disgust surprise and laughter are constantly evoked by continually attracting and repulsing the reader Yuan Mei s approach guides the reader to an adventure in the dangerous recesses of the self It is a sort of allegoric fantastic reflection on the relative and polyphonic essence of human beings the multiplicity of selves from psychological perception and a challenge to the traditional biographical and historical perspective for the unreliability of destiny Dreams madness delusions and other extreme cognitive and affective conditions abnormal events gods and spirits and the dark world of death lead to a reversal of perspective and destroy the Apollonian vision of the social centered Confucian orthodoxy With introduction translation and comments **Harmony Garden** J. D.

Schmidt,2013-12-16 This is the first complete study of China s most popular eighteenth century poet in any Western language The work consists of a detailed biography a study of Yuan s revolutionary reinterpretation of Chinese literary theory and an analysis of his many contributions to the more original genres of Qing dynasty 1644 1911 poetry such as narrative historical didactic eccentric and nature verse The study is concluded by a generous and representative sampling of Yuan s

poetry in translation the first to do justice to the wide variety and richness of his oeuvre Although many shorter poems are selected this is the first translation to include his outstanding longer poetry Harmony Garden will completely revise current attitudes in the west concerning classical Chinese literature during the eighteenth century a period that was long viewed as one of decline but now appears to equal the golden ages of antiquity *German Expressionist Paintings and Education* Haim Gordon, 2009 This book has two aims The first aim is a modest attempt to help to overcome the neglect to which German expressionist paintings have been condemned by historians and art critics The second aim is more difficult from an educational perspective The book points out that a moving beauty and worthy truths call out from many German expressionist paintings At times this beauty and these truths may be comprehended straightforwardly To complement the direct encounter with these paintings the book suggests learning from concepts ideas and insights presented by existentialist philosophers The book shows that these concepts ideas and insights can assist in harkening to the call of beauty and truth that calls out from the paintings of the six German expressionist painters which are discussed here Max Beckmann Otto Dix Ernst Ludwig Kirchner Otto Mueller Karl Schmidt Rottluff and Erich Heckel Thus they can assist the educator in showing the grandeur of the works of the six painters The book points to the educational value of the personal and existential encounter with the beauty and truths that call out from the paintings of these artists Haim Gordon is professor emeritus at Ben Gurion University of the Negev in Israel He has published at times in collaboration with colleagues 26 books and more than 150 papers in professional journals and books on philosophical educational and political topics He resides with his wife in Eilat Israel *Recipes from the Garden of Contentment* Yuan Mei, 2018-10-31 *Recipes from the Garden of Contentment* Yuan Mei's *Manual of Gastronomy* is the first English edition of the *Suiyuan Shidan* one of the world's most famous books about food It is both a culinary treatise and a cookbook written in the late eighteenth century by the poet Yuan Mei This translation by Sean J S Chen conveys the charm humor and erudition of one of China's greatest writers The book includes recipes for well known yet exotic dishes such as bird's nest and shark's fin and offers modern readers a unique perspective on Chinese history and culinary culture **The Dreaming Mind and the End of the Ming World** Lynn A. Struve, 2021-05-31 From the mid sixteenth through the end of the seventeenth century Chinese intellectuals attended more to dreams and dreaming and in a wider array of genres than in any other period of Chinese history Taking the approach of cultural history this ambitious yet accessible work aims both to describe the most salient aspects of this dream arc and to explain its trajectory in time through the writings arts and practices of well known thinkers religionists litterateurs memoirists painters doctors and political figures of late Ming and early Qing times The volume's encompassing thesis asserts that certain associations of dreaming grounded in the neurophysiology of the human brain at sleep such as subjectivity irrationality the unbidden lack of control emotionality spontaneity the imaginal and memory when especially heightened by historical and cultural developments are likely to pique interest in dreaming and generate florescences of dream expression among intellectuals The

work thus makes a contribution to the history of how people have understood human consciousness in various times and cultures The Dreaming Mind and the End of the Ming World is the most substantial work in any language on the historicity of Chinese dream culture Within Chinese studies it will appeal to those with backgrounds in literature religion philosophy political history and the visual arts It will also be welcomed by readers interested in comparative dream cultures the history of consciousness and neurohistory *Food and Environment in Early and Medieval China* E.
