The Wisdom of God

Johanne Howard,2020 God is our father He is returning to Earth with his army to reclaim his beloved home and to reunite with his children who were taken by Lucifer This book is about the words he wished his scribe to share with his children concerning this coming new time on Earth for the reunification and the time of the reckoning He explains to us how all came to be on Earth and how the ancient wars have divided us and left many to face the dark forces He warns his children about the coming days what needs to be seen and understood and how the works of evil live in our time

Hitler's American

Gamble Brendan Simms,Charlie Laderman,2021-11-16 A riveting account of the five most crucial days in twentieth century diplomatic history from Pearl Harbor to Hitler s declaration of war on the United States By early December 1941 war had changed much of the world beyond recognition Nazi Germany occupied most of the European continent while in Asia the Second Sino Japanese War had turned China into a battleground But these conflicts were not yet inextricably linked and the United States remained at peace Hitler s American Gamble recounts the five days that upended everything December 7 to 11 Tracing developments in real time and backed by deep archival research historians Brendan Simms and Charlie Laderman show how Hitler s intervention was not the inexplicable decision of a man so bloodthirsty that he forgot all strategy but a calculated risk that can only be understood in a truly global context This book reveals how December 11 not Pearl Harbor was the real watershed that created a world war and transformed international history

The Vietnam War Debate Louis B.

Zimmer,2011-09-16 This book tells the story of how America s national leadership failed the nation and produced the greatest foreign policy disaster in American history to that time It is foremost however the story of a great man who tried to halt his nation s drift into what became an American tragedy It is also a story that has never before been told As the war escalated a variety of critics emerged to challenge the war policy and thus my book is about the national debate in which

University of Chicago Professor Hans J Morgenthau emerged as the chief opponent of the war Morgenthau argued relentlessly in teach ins around the country in public debates and in hundreds of articles that Vietnam was never a threat to America s security and that the war should never have been fought In the history of the national debate on Vietnam it is Morgenthau who is the hero of the anti war movement and the centerpiece of my study Morgenthau had written the basic text on foreign policy *Politics Among Nations* and had established the field of international relations as an independent discipline of study His arguments against the war derive from these earliest writings and are elaborated in this book the principles of which remain valid today The war ended in 1975 as North Vietnamese troops marched into Saigon after over 58 000 American servicemen and millions of Vietnamese had died in the fighting The war could have been averted Morgenthau was ignored American policy makers misunderstood the nature of the civil conflict in Vietnam As Morgenthau told an interviewer in July 1965 What I have said recently I have been saying for years without anybody paying any attention
