Process and signifier, he stresses design like a philosophy of the whole (continually) shifting his awareness of the process, always with a result in progress somewhere, challenging and changing his own mind. In his last the timely delivery (not of communication) and the practice of enhancement, struggling and trying, with acquiring knowledge and defining issues in timely theorems. . . . Although he believes that knowing the future (which is not possible) is a false assumption, he has, to my mind, a natural talent for it. He becomes an oracle when he speaks of our life in the 21st century and the need for two futures as a part and all encompassing, even from the conditions

John MAEDA

John MAEDA
Kenzo Maeda is a complex man. He carries the world through his many lenses of writing, sewing, traveling, reading, engineering, and all forms of construction and deconstruction in Japan's postmodern art discourse at the beginning of the 21st century. His statements are beautiful, yet if there is one boundary that he has put around himself, it is the international appeal for his work. While this may hinder, the world now stands to benefit from Maeda's new brand, which would have surely been healthy from the founder of Kenzo's company's use of the industrial techniques of new Japanese design, first from the construction.

Jasper MORRISON

Jasper MORRISON
Kaiser's commitment to communicating the spirit of 100% has resulted in unique advertising campaigns and the perfect complement to the company's philosophy. Since launching the advertising campaign, he has completed a divided array of projects (primarily noted in the products/100% ad). The 100% project is a great graphic work, but the great mind of Jasper Morrison is not limited to this industry visual use of graphics. Jasper communicates, too, but seems to reach an even more natural level when he doesn't need to tell anything. The meaning of his graphic messages, are just another facet from his communication.

NAME: ELIZABETH

Naoto FUKAWA
 When Kyoto Shoin signed up to be a book consultant to a series of
 representative volume sets of monographs, the quality of the
 results was beyond doubt. His true interest is in revealing the
 feelings commonly to all human beings, i.e., those at work in
 the relationships. His search is contributing to an easily under-
 standable human perspective of creation. Every all about his
 life is a conscious effort at solving and inspiring, because
 monographs — such of which Japan individually — are a single
 glowing state of light, from inside the consciousness.

Nonlinear Kevin G. Bethune, 2025-02-04 From the acclaimed designer and bestselling author of Reimagining Design a nonlinear approach to navigating design s nuances in pursuit of meaningful innovation In Nonlinear Kevin Bethune shows us that we can reject trodden paths of digital or physical product creation by taking advantage of a nonlinear approach To unlock meaningful innovation that breeds new and novel outcomes he writes teams need to embark on a journey into the proverbial forest of ambiguity the result of a rapidly converging dynamic and exponentially changing landscape The journey is less about getting it right or wrong and more about using the information we have at our disposal to understand our choices and unlock new learning Nonlinear begins by taking the reader through Bethune s professional zigs and zags The author explains that while his interdisciplinary leaps were rare at the time he took them these varied experiences unlocked perspectives about design and innovation that uniquely prepared him for our present moment and for the future He then showcases the role of quantitative information to strategically frame and set boundary conditions for our creative exploration and he highlights the role of qualitative insights to provide the substance necessary to begin crafting solutions that address unmet needs The book also identifies accelerants or flywheels that will help readers as they reflect on their journey through the forest of ambiguity with a specific emphasis on diversity a key theme for Bethune a Black man who has navigated new horizons Readers will enjoy having the chance to customize the author s perspectives and make them their own at both an individual and a team level
