Kenyan Khat Kenyan Khat:

Kenyan Khat Neil Carrier, 2007-03-31 This book provides a richly detailed ethnography of Kenyan khat tracing some of the many national and transnational trajectories this controversial stimulant takes from its centre of production in the Nyambene Hills to consumers in Kenya and throughout the world The author guided by his friend and khat connoisseur M Mucheke draws out the full economic social and cultural significance of the substance situating this significance within current debates on the legality of khat and the global rhetoric of the war on drugs The work explores how networks of Kenyan khat bring people of diverse backgrounds together in sometimes uneasy relationships and highlights the vast cluster of meanings this remarkable commodity has accrued in its social life *International Narcotics Control Strategy Report*, 2000

Africa and the War on Drugs Neil Carrier, Gernot Klantschnig, 2012-10-11 Nigerian drug lords in UK prisons khat chewing Somali pirates hijacking Western ships crystal meth smoking gangs controlling South Africa's streets and narco traffickers corrupting the state in Guinea Bissau these are some of the vivid images surrounding drugs in Africa which have alarmed policymakers academics and the general public in recent years In this revealing and original book the authors weave these aspects into a provocative argument about Africa's role in the global trade and control of drugs In doing so they show how foreign inspired policies have failed to help African drug users but have strengthened the role of corrupt and brutal law enforcement officers who are tasked with halting the export of heroin and cocaine to European and American consumer markets A vital book on an overlooked front of the so called war on drugs *The World Geopolitics of Drugs, 1998/1999*

Alain Labrousse, Laurent Laniel, 2013-06-29 The other report is published by the U S State Department and is more committed but only as far as the national interest of the world's only superpower is concerned Therefore the State Department report must be read while keeping in mind the state of U S relations with the countries concerned This report is accompanied by the so called certification process whose arbitrary character has often been stressed For instance Iran a country whose determination to fight the drug transit on its territory is well known more than 100 Iranian law enforcement agents die every year as a result was removed from the blacklist of decertified countries in the spring of 1999 precisely as it was inaugurating a policy of opening itself to external influence including that of the United States In retrospect this demonstrates that the U S government had decertified Iran in past years because it was viewed as an Islamic and terrorist country not because of its supposed involvement in drug trafficking Neither does the last State Department report explain why Haji Ayub Afridi a major Pakistani drug baron who had voluntarily surrendered to U S authorities returned to Pakistan in 1999 after spending a mere three and a half years in a U S prison **Drugs in Africa** G. Klantschnig, N. Carrier, C. Ambler, 2014-08-07 This cutting edge volume is the first to address the burgeoning interest in drugs and Africa among scholars policymakers and the general public It brings together an interdisciplinary group of leading academics and practitioners to explore the use trade production and control of mind altering substances on the continent Mobile
