 2. A current insurance policy for that vehicle.
 3. A binder from an insurance agent, in writing, stating that insurance is in force.

WHAT EQUIPMENT IS REQUIRED FOR MY VEHICLE?

BRAKES. Every motor vehicle, when operated upon a highway, shall be equipped with brakes adequate to control the movement of, and to stop and hold, the vehicle. There shall be separate means of applying the brakes, each of which shall be effective to apply the brakes to at least two wheels. If the separate means are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels.

LIGHTS. Your vehicle must have two headlights and a taillight. Headlights on high beam must be strong enough to light the road sufficiently to reveal a person 350 feet ahead. They must not shine a glaring light into the eyes of an oncoming driver. When approaching an oncoming vehicle at night, you must use the low beam the last 500 feet before meeting and passing. When following a vehicle, dim your lights before coming closer than 200 feet of the vehicle in front of you.

The rear light, or taillight, must be red and must be lighted and placed so it can be seen 500 feet behind your vehicle. A vehicle must also be equipped with at least one red brake light to the rear. The registration plate must be illuminated so that the letters and numbers of the plate can be read 50 feet away at night.
