turn your reading over to the terrific authors of Hachette Survival of the Fit Daniel Fulham O'Neill, 2021 Young people in America are facing a health crisis of epidemic proportions yet no one is taking action Children are born as active curious imaginative beings with a built in physical identity Survival of the Fit offers a new and revelatory plan to nurture this identity and save the health of America's youngsters One of the keys to this plan is rebranding physical education PE and making it available for every child every day in every year of school In addition to establishing historical references and a scientific basis for this rebranding the author provides a downloadable template for PE classes at all school levels He lays out a blueprint to help educators and parents bring this PE revolution to their school with no increase in the school budget Sounding the alarm regarding America's health crisis Survival of the Fit explains how we can use existing tools knowledge and infrastructure to make needed changes with immediate results for every school not just a privileged few Everyone interested in seeing improvements in the physical mental and emotional health of our children will want to put this book to use Book Features Introduces the concept of physical identity an inborn trait that animals from octopi to humans are born with Presents the reasoning for restoring youth competitive sports to community control even for high school students Discusses how we can win the war against bad food and addiction to two dimensional entertainment Showcases original research as well as comments and criticism from active educators Daniel Fulham O'Neill MD EdD is board certified in orthopedic surgery and sports medicine and holds a doctorate in Exercise and Sport Psychology *When Trauma Grips Our Children* James E. Levine, 2021-01-13 Aimed at school staff and other caregivers on the front lines of providing assistance without in depth training or an understanding of how trauma manifests this book offers a detailed approach to helping children who have experienced trauma Trauma in children varies in how it presents in behavior emotions learning and social interactions and how to address it depends largely on its presentation Children may exhibit many types of behavior that could be attributed to trauma such as telling lies and feeling shame lacking focus or having outbursts in class and distrusting peers and adults among many more With a sensitive yet structured approach this book teaches parents and caregivers how to support a child with severe trauma Discussion of a kaleidoscope of case studies using the new Basic Pyramid model developed by the author helps practitioners to determine appropriate intervention **Ready for Learning and Ready for Life** Betsy Gunzelmann, 2016-12-19 Many of our children are poorly prepared to face the challenges of school and growing up in our complex society The term readiness is misrepresented in the field of education this book implies a different type of readiness involving a process that can be taught and nurtured within each child Going beyond what our schools typically assess to determine readiness to attend school which is often based upon age this book addresses the synergistic aspects of readiness learning and adaptation that allow children to be optimally ready to learning and capable of handling for challenges and transitions This more holistic and interactive understanding of readiness involves not only the typical physical development but also psychological aspects including the cognitive emotional spiritual behavioral and environmental pieces

The goal of this book is to provide the necessary lens through which we can see what is really hindering many children in schools today along with possible approaches and interventions typically not seen as educational in nature but what may be just the needed prescription for our ailing youth
