Civic Storytelling Florian Fuchs,2023-05-23 A deep history of storytelling as a civic agency recalibrating literature s political role for the twenty first century Why did short narrative forms like the novella fable and fairy tale suddenly emerge around 1800 as genres symptomatic of literature s role in life and society In order to explain their rapid ascent to such importance Florian Fuchs identifies an essential role of literature a role traditionally performed within classical civic discourse of storytelling by looking at new or updated forms of this civic practice in modernity Fuchs s focus in this groundbreaking book is on the fate of topical speech on what is exchanged between participants in argument or conversation as opposed to rhetorical speech which emanates from and ensures political authority He shows how after the decline of the Ars topica in the eighteenth century various forms of literary speech took up the role of topical speech that Aristotle had originally identified Thus his book outlines a genealogy of various literary short forms from fable fairy tale and novella to twenty first century video storytelling that attempted on both high and low levels of culture to exercise again the social function of topical speech Some of the specific texts analyzed include the novellas of Theodor Storm and the novella like lettre de cachet proverbial fictions of Gustave Flaubert and Gottfried Keller the fairy tale as rediscovered by Vladimir Propp and Walter Benjamin the epiphanies of James Joyce and the video narratives of Hito Steyerl

The Modernist Screenplay Alexandra Ksenofontova,2020-10-02 The Modernist Screenplay explores the film screenplay as a genre of modernist literature It connects the history of screenwriting for silent film to the history of literary modernism in France Germany and Russia At the same time the book considers how the screenplay responded to the modernist crisis of reason confronted

mimetic representation and sought to overcome the modernist mistrust of language with the help of rhythm From the silent film projects of Bertolt Brecht to the screenwriting of Sergei Eisenstein and the poetic scripts of the surrealists The Modernist Screenplay offers a new angle on the relationship between film and literature Based on the example of modernist screenwriting the book proposes a pluralistic approach to screenplays an approach that sees film scripts both as texts embedded in film production and as literary works in their own right As a result the sheer variety of different and experimental ways to tell stories in screenplays comes to light The Modernist Screenplay explores how the earliest kind of experimental screenplays the modernist screenplays challenged normative ideas about the nature of filmmaking the nature of literary writing and the borders between the two

Das menschliche Leben kristallisiert sich in seinen individuellen und kollektiven privaten und öffentlichen

Manifestationsformen nicht nur um die Semantiken von Freiheit Gleichheit und Brüderlichkeit herum Das Primat einer friedlichen Koexistenz von verschiedenen Heimatwelten und der Nächstenliebe wird in Zeiten gespaltener Gesellschaften oft in sein Gegenteil verkehrt der Mensch braucht dem Anschein nach immer jemanden nach dem er treten kann Am Beispiel literatur kultur und sprachwissenschaftlicher Analysen wird einerseits Hass an getriebenen Gemengelage von Herkunft Ethnie und Nationalität Kultur System und Weltanschauung Konfessionen und Religionszugehörigkeit Geschlecht Sexualität und Körperästhetik nachgegangen Andererseits werden die Denkfiguren von Provenienz Unsichtbarkeit und Erfahrungsintensität des Hasses sowie die Frage nach Reziprozität im Sinne von Präventionen und Abwehrmechanismen kritisch hinterfragt The area of tension in interpersonal relationships casts loaded with hatred its pathological shadows Human life emerges in its individual and collective private and public manifestation forms not only around the semantics of freedom equality and fraternity The primacy of a peaceful coexistence of diverse homelands charity and altruism is frequently turned into its exact opposite during the periods of split societies since there seems to exist a common human need to always trample on someone On the one hand by means of literary cultural and linguistic analyses hate driven conflict situations based on origin ethnic group and nationality culture system and world view denomination and religious affiliation gender sexuality and body aesthetics are investigated On the other hand the concepts of provenance in visibility and intensity of hatred experiences as well as the reciprocity question in terms of prevention and defense mechanisms are critically questioned
