Hannibal And His War With Rome:

Hannibal and His War with Rome Nick Box, 2015-11-06 Hannibal Barca general of the Carthaginian army strikes terror in the hearts of his Roman foes Hannibal is determined to march on Italy and attack the people he has pledged to hate After a victory in Saguntum an Iberian ally of Rome the legendary general presses onward Carthage's strength and growth threaten the Roman reputation and ego and Rome's pride prevents any peace It is said Saguntum was the flint and Hannibal the rock but it was Roman laid tinder that ignited Yet a Roman consul Old Scipio and his son Young Scipio nobles of Rome have little fear of such an enemy Their army is superior in weaponry and numbers and they ride out to battle confident in a victory Although it seems impossible somehow the shrewd and fearless barbarian general turns the Roman advantage on its head A general who can successfully bring an entire army and a herd of war elephants through the bitter cold and harsh conditions of the Alps is an enemy rightly to be feared With allies like the African king Masinissa and the barbarian princess Frederix Hannibal is poised for what history will call the Second Punic War He neither knows nor cares about Old Scipio's message to Carthage Submission or death those are the choices Rome gives you He was undermanned under armed and yet he would play by the rules even if the Romans he fought would not How could he ever expect to win By being that damn good His tactics would redefine war and his principles would redefine man Hannibal brings to life the ancient and epic battle between General Hannibal Barca one of the greatest generals of all time and the might of the Roman Empire **Hannibal's War** John Francis Lazenby, 1998 Hannibal is acknowledged to be one of history's greatest generals and his crossing of the Alps complete with elephants to make war against Rome on its home soil is legendary But even Hannibal met his match in Scipio and ultimately Carthage was defeated by the rising power of Rome In Hannibal's War J F Lazenby provides the first scholarly account in English since 1886 solely devoted to the Second Punic War what some have called the first world war for mastery of the Mediterranean world By closely examining the accounts of Livy and Polybius supplemented with the fruits of modern research Lazenby provides a detailed military history of the entire war as it was fought in Italy Spain Greece and North Africa This edition includes a new preface covering recent research on Hannibal's war against Rome

specific schools of thought and debates **Hannibal** Serge Lancel, 1998-05-08 This is an historical biography of Hannibal the military leader of Carthage responsible for waging a dramatic onslaught on Rome during the Punic Wars One of the few generals of history to be famous for the war he lost Hannibal's attack in 218BC which included his renowned march of elephants across the Alps ranks amongst the most courageous and ill fated enterprises in the history of the ancient world This definitive biography of one of the most fascinating figures of ancient history offers a fresh perspective on the demise of the Hellenistic world and the rise of Rome **Hannibal** Richard A. Gabriel, 2017 The Romans destruction of Carthage after the Third Punic War erased any Carthaginian historical record of Hannibal's life What is known of him comes exclusively from Roman historians who had every interest in minimizing his success exaggerating his failures and disparaging his character The charges leveled against Hannibal include greed cruelty and atrocity sexual indulgence and even cannibalism But even these sources were forced to grudgingly admit to Hannibal's military genius if only to make their eventual victory over him appear greater Yet there is no doubt that Hannibal was the greatest Carthaginian general of the Second Punic War When he did not defeat them outright he fought to a standstill the best generals Rome produced and he sustained his army in the field for sixteen long years without mutiny or desertion Hannibal was a first rate tactician only a somewhat lesser strategist and the greatest enemy Rome ever faced When he at last met defeat at the hands of the Roman general Scipio it was against an experienced officer who had to strengthen and reconfigure the Roman legion and invent mobile tactics in order to succeed Even so Scipio's victory at Zama was against an army that was a shadow of its former self The battle could easily have gone the other way If it had the history of the West would have been changed in ways that can only be imagined In this publication the author shows how Hannibal's genius nearly unseated the Roman Empire **The New American Cyclopaedia** George Ripley, Charles Anderson Dana, 1862 **The New American Cyclopædia** George Ripley, Charles Anderson Dana, 1869 **History of Rome** Max Cary, H.H.
