

The background of the book cover is a detailed illustration. A crow, with dark, textured feathers and a long, pointed beak, is the central figure. It is surrounded by several bright red cherries with green stems and leaves. Scattered around the crow and cherries are numerous red flower petals, some of which are in full bloom. The overall color palette is dominated by the reds of the cherries and petals, the dark greys and blacks of the crow, and the teal/green of the leaves.

web box method algebraically make $b = 0$ or use the square root method $ax^2 + c = 0$ isolate x remember to use for all cannot take the of a negative $0 = 0$ completing the square move c to other side $b^2/4$ finds what you add to both sides square root each side high and low can be used for any quadratic equation $ax^2 + bx + c = 0$ but
