**for the Safe Action self-loading pistol**

## **TAKE NOTE:**

Always assume that the GLOCK pistol or any other firearm is loaded is capable of being discharged until you the user, have been personally convinced to the contrary. Until the magazine is removed and you have inspected the chamber and complete the unloading procedures as presented on page 21, the firearm must be considered to be loaded and capable of being fired. **Never** aim at persons when handling the weapon.

To reduce the possibility of an accidental discharge, do not place your finger on the trigger until the firearm is pointed at the target and you intend to fire. If you don't want the firearm to fire, keep your finger off the trigger

When firing with a two hand grip, the thumb of the weak hand should be on the weak hand side of the firearm, never behind the slide.

Any firearm, including the GLOCK pistols, is a dangerous weapon, **it must not become accessible to unauthorised persons, especially children**
