

GLOCK INSTRUCTION FOR USE

for the Safe Action self-loading pistol

TAKE NOTE:

Always assume that the GLOCK pistol or any other firearm is loaded is capable of being discharged until you the user, have been personally convinced to the contrary. Until the magazine is removed and you have inspected the chamber and complete the unloading procedures as presented on page 21, the firearm must be considered to be loaded and capable of being fired. **Never** aim at persons when handling the weapon.

To reduce the possibility of an accidental discharge, do not place your finger on the trigger until the firearm is pointed at the target and you intend to fire. If you don't want the firearm to fire, keep your finger off the trigger.

When firing with a two hand grip, the thumb of the weak hand should be on the weak hand side of the firearm, never behind the slide.

Before using the GLOCK pistols, the operating instructions and safety information in this manual must be read and understood.

Any firearm, including the GLOCK pistols, is a dangerous weapon. It must not become accessible to unauthorized persons, especially children.

The manufacturer's warranty and liability is strictly limited to such as contained in the Terms of Delivery and Sale of GLOCK, Ges.m.b.H.
