**Democracy: A User's Manual for Every American** David Pepper, 2025-06-23 Saving Democracy is that rare book that doesn't simply diagnose the crisis our democracy faces and the broader strategies that we must take to fight back but it breaks it all down so that every reader understands the role she or he can play in their own lives It details the broader forces and strategic mistakes that have led to where America finds itself today and the imperative of fighting back immediately to minimize the long term damage done by Trump and his allies It explains how all levels of the pro democracy side from national political leaders to grassroots activists to everyday Americans must switch to offense It explains how to stay on offense and win on offense Immediately and everywhere It explains the roles everyday Americans can and must play a role in saving democracy at this fraught time It's a user's manual intended to spur action Your action After a review of the true battle for democracy we are engaged in each chapter explains how YOU the reader can and must play the leading role in lifting democracy It details the concrete steps individuals and groups can take where you live lists resources that can help along the way and offers case studies and best practices that have worked elsewhere Saving Democracy is structured to challenge and guide each reader no matter your role in your community or politics or where you work on how you each can play a more active and effective role in lifting democracy than you might have imagined Over the course of the book you will construct your own personal plan to fight for democracy And when you're finished you'll be ready to get to work The second edition of Saving Democracy published in June 2025 updates and applies these lessons to the even greater crisis of the Trump second term where they are more relevant and needed than ever [The NASTRAN User's Manual, Level L6.0 Supplement](#) United States.
