Goering The Rise And Fall Of The Notorious Nazi Leader

J Ma

Goering The Rise And Fall Of The Notorious Nazi Leader:

Goering Heinrich Fraenkel, Roger Manvell, 2011-03-02 Commander in Chief of the Luftwaffe president of the Reichstag and Hitler's designated successor Herman Goering was one of most capable and sinister leading figures of the Third Reich. He played a major role in smoothing Hitler's road to power through helping to secure the support of generals, financiers and industrialists and as creator of the secret police he showed formidable energy in crushing all resistance. As commander of the Luftwaffe he led the mightiest air force the world had ever seen. As the Second World War drew to a close however Goering was a bloated shadow of his former self; he became an increasingly discredited figure despised by Hitler and ridiculed by his former fellow henchmen. In this classic biography Manvell and Fraenkel have drawn on interviews with members of Goering's family, his former associates, his enemies and his servants. His extravagant lifestyle and tastes, his unusual habits and uniforms, his cunning ambition and casual brutality are all explored in dramatic detail. The result is a thorough and intimate portrayal of this dangerous and contradictory man and an insightful history of the rise and ultimate collapse of the Third Reich.

Goering Roger Manvell, Heinrich Fraenkel, 2011-01-01 Originally published New York: Simon and Schuster, 1962. **The Nazi and the Psychiatrist** Jack El-Hai, 2013-09-10 NOW THE MAJOR MOTION PICTURE NUREMBERG In 1945 an improbable relationship between the fallen Reichsmarschall Hermann Goering and ambitious US Army physician Douglas Kelley becomes a hazardous quest into the nature of evil amid the devastation of Europe at the end of World War II. In 1945 after his capture at the end of the Second World War Hermann Goering arrived at an American-run detention center in war-torn Luxembourg accompanied by sixteen suitcases and a red hatbox. Joining him in the detention center were fifty-one senior Nazis of whom Goering was the dominant figure. To ensure that the captives were fit for trial at Nuremberg the US Army sent an ambitious army psychiatrist, Captain Douglas M. Kelley, to supervise and evaluate them. To Kelley it was the professional opportunity of a lifetime to discover a distinguishing trait among these arch criminals that would mark them as psychologically different from the rest of humanity. But Kelley's quest would prove to be a dangerous one. The more he spoke with the Nazi captives the more he began to understand and appreciate their perspective and the more he would fall for their charms.

Perpetrating the Holocaust Paul R. Bartrop, Eve E. Grimm, 2019-01-11 Weaving together a number of disparate themes relating to Holocaust perpetrators, this book shows how Nazi Germany propelled a vast number of Europeans to try to re-engineer the population base of the continent through mass murder. A comprehensive introductory essay along with a detailed chronology, reference entries, primary sources, images and a bibliography provide crucial information that readers need in order to understand Hitler's plan as carried out through legislation and armed violence. The book also demonstrates that both within Nazi Germany and in other parts of Europe, all sectors of society played a role in planning, facilitating and executing the Final Solution. In addition to entries on nearly 150 perpetrators, the book includes 25 primary source documents ranging from government memoranda to first-hand observations of Nazi killing activities to field reports from

senior officers on the scene of Holocaust killing sites Also included are excerpts from literary memoirs Students and researchers will find these documents to be fascinating statements as well as excellent source material for further research

Art and the Nazis, 1933-1945 Arthur J. McLaughlin, Jr., 2022-01-07 This first comprehensive analysis of the Third Reich's efforts to confiscate, loot, censor and influence art begins with a brief history of the looting of artworks in Western history The artistic backgrounds of Adolf Hitler and Hermann Goering are examined along with the various Nazi art looting organizations and Nazi endeavors to both censor and manipulate the arts for propaganda purposes Long held beliefs about the Nazi destruction of degenerate art are examined drawing on recently developed university databases new translations of original documents and recently discovered information Theft and destruction of artworks by the Allies and looting by Soviet trophy brigades are also documented

Follow the Loser Dennis Madden, 2020-10-04 History is littered with charlatans and soothsayers claiming to know a path to the Promised Land They live off the goodwill of their followers while leading them to disaster Some amass fortunes through their deceit Others have a legitimate grievance but soon learn that there's a profit in being the answer to so many They are charismatic cunning and self-serving Many of the good-willed don't care about the cause or the people they claim to serve The suffering only serves to stoke the flames of their personal failures and the entities people corporations races aliens the list goes on that are responsible for their suffering Follow the Loser takes a look into the dark shadows and deep secrets of some of the most prominent leaders of the past two centuries

Children of Nazis Tania Crasnianski, 2018-02-06 The Fascinating Story of Eight Children of Third Reich Leaders and their Journey from Descendants of Heroes to Descendants of Criminals In 1940 the German sons and daughters of great Nazi dignitaries Himmler Goering Hess Frank Bormann Heiss Speer and Mengele were children of privilege at four five or ten years old surrounded by affectionate all-powerful parents Although innocent and unaware of what was happening at the time they eventually discovered the extent of their father's occupations These men their fathers who were capable of loving their children and receiving love in return were leaders of the Third Reich and would later be convicted as monstrous war criminals For these children the German defeat was an earth-shattering source of family rupture the end of opulence and the jarring discovery of Hitler's atrocities How did the offspring of these leaders deal with the aftermath of the war and the skeletons that would haunt them forever Some chose to disown their past Others did not Some condemned their fathers others worshiped them unconditionally to the end In this enlightening book which has been translated into eleven languages Tania Crasnianski examines the responsibility of eight descendants of Nazi notables caught somewhere between stigmatization worship and amnesia By tracing the unique experiences of these children she probes at the relationship between them and their fathers and examines the idea of how responsibility for the fault is continually borne by the descendants

United States Law and Policy on Transitional Justice Zachary Daniel Kaufman, 2016 In *United States Law and Policy on Transitional Justice Principles Politics and Pragmatics* Zachary D Kaufman explores the U.S. government's

support for or opposition to certain transitional justice institutions By first presenting an overview of possible responses to atrocities such as war crimes tribunals and then analyzing six historical case studies Kaufman evaluates why and how the United States has pursued particular transitional justice options since World War II This book challenges the legalist paradigm which postulates that liberal states pursue war crimes tribunals because their decision makers hold a principled commitment to the rule of law Kaufman develops an alternative theory prudentialism which contends that any state liberal or illiberal may support bona fide war crimes tribunals More generally prudentialism proposes that states pursue transitional justice options not out of strict adherence to certain principles but as a result of a case specific balancing of politics pragmatics and normative beliefs Kaufman tests these two competing theories through the U S experience in six contexts Germany and Japan after World War II the 1988 bombing of Pan Am flight 103 the 1990 1991 Iraqi offenses against Kuwaitis the atrocities in the former Yugoslavia in the 1990s and the 1994 Rwandan genocide Kaufman demonstrates that political and pragmatic factors featured as or more prominently in U S transitional justice policy than did U S government officials normative beliefs Kaufman thus concludes that at least for the United States prudentialism is superior to legalism as an explanatory theory in transitional justice policymaking

Focus On: 100 Most Popular Former Roman Catholics

Wikipedia contributors, **The Holocaust** Paul R. Bartrop, Eve E. Grimm, 2022-05-18 This volume provides an indispensable resource for anyone studying the Holocaust The reference entries are enhanced by documents and other tools that make this volume a vital contribution to Holocaust research This volume showcases a detailed look at the multifaceted attempts by Germany's Nazi regime together with its collaborators to annihilate the Jews of Europe during the Holocaust Several introductory essays along with a rich chronology reference entries primary documents images and a bibliography provide crucial information that readers will need in order to try to understand the Holocaust while undertaking research on that horrible event This text looks not only at the history of the Holocaust but also at examples of resistance through armed violence attempts at rescue or the very act of survival itself literary and cultural expressions that have attempted to deal with the Holocaust the social and psychological implications of the Holocaust for today and how historians and others have attempted to do justice to the memory of those killed and seek insight into why the Holocaust happened in the first place

Trump and Hitler Henk de Berg, 2024-03-01 This book compares Trump and Hitler as political performance artists It explores their populist self staging and rhetorical strategies and explains how they connected with their respective audiences It also analyses the two men's character work ethic and management style In addition the book addresses seemingly peripheral issues like the reasons behind Hitler's toothbrush moustache and Trump's hairstyle By demystifying Hitler and Trump the author throws new light on both of them

Nordic Film Cultures and Cinemas of Elsewhere Westerstahl Stenport Anna Westerstahl Stenport, 2019-09-27 Nordic Film Cultures and Cinemas of Elsewhere introduces a new concept to Nordic film studies as well as to other small national transnational and world cinema traditions Examining overlooked

elsewheres the book presents Nordic cinemas as international cosmopolitan diasporic and geographically dispersed from their beginnings in the early silent period to their present 21st century dynamics Exploring both canonical works by directors like Ingmar Bergman and Lars von Trier as well as a wide range of unknown or overlooked narratives of movement synthesis and resistance the book offers a new model of inquiry into a multi varied Scandinavian cultural lineage and into small nation and pan regional world cinemas

Four Days in Hitler's Germany Robert Teigrob,2019-05-09 In 1937 Canadian Prime Minister Mackenzie King travelled to Nazi Germany in an attempt to prevent a war that to many observers seemed inevitable The men King communed with in Berlin including Adolf Hitler assured him of the Nazi regime s peaceful intentions and King not only found their pledges sincere but even hoped for personal friendships with many of the regime s top officials Four Days in Hitler s Germany is a clearly written and engaging story that reveals why King believed that the greatest threat to peace would come from those individuals who intended to thwart the Nazi agenda which as King saw it was concerned primarily with justifiable German territorial and diplomatic readjustments Mackenzie King was certainly not alone in misreading the omens in the 1930s but it would be difficult to find a democratic leader who missed the mark by a wider margin This book seeks to explain the sources and outcomes of King s misperceptions and diplomatic failures and follows him as he returns to Germany to tour the appalling aftermath of the very war he had tried to prevent

1932 David Pietrusza,2015-10-20 Two Depression battered nations confronted destiny in 1932 going to the polls in their own way to anoint new leaders to rescue their people from starvation and hopelessness America would elect a Congress and a president ebullient aristocrat Franklin Roosevelt or tarnished Wonder Boy Herbert Hoover Decadent divided Weimar Germany faced two rounds of bloody Reichstag elections and two presidential contests doddering reactionary Paul von Hindenburg against rising radical hate monger Adolf Hitler The outcome seemed foreordained unstoppable forces advancing upon crumbled disoriented societies A merciless Great Depression brought greater perhaps hopeful perhaps deadly transformation FDR s New Deal and Hitler s Third Reich But neither outcome was inevitable Readers enter the fray through David Pietrusza s page turning account Roosevelt s fellow Democrats may yet halt him at a deadlocked convention 1928 s Democratic nominee Al Smith harbors a grudge against his one time protege Press baron William Randolph Hearst lays his own plans to block Roosevelt s ascent to the White House FDR s politically inspired juggling of a New York City scandal threatens his juggernaut In Germany the Nazis surge at the polls but twice fall short of Reichstag majorities Hitler tasting power after a lifetime of failure and obscurity falls to Hindenburg for the presidency also twice within the year Cabals and counter cabals plot Secrets of love and suicide haunt Hitler Yet guile and ambition may yet still prevail 1932 s breathtaking narrative covers two epic stories that possess haunting parallels to today s crisis filled vortex It is an all too human tale of scapegoats and panaceas class warfare and racial politics of a seemingly bottomless depression of massive unemployment and hardship of unprecedented public works infrastructure programs of business stimulus programs and damaging allegations of political

cronyism of waves of bank failures and of mortgages foreclosed of Washington bonus marches and Berlin street fights of once solid financial empires collapsing seemingly overnight of rapidly shifting social mores and of mountains of irresponsible international debt threatening to crash not just mere nations but the entire global economy It is the tale of spell binding leaders versus bland businessmen and out of touch upper class elites and of two nations inching to safety but lurching toward disaster It is 1932 s nightmare with lessons for today *The 30 Most Influential People of World War II* Alan

Axelrod,2018-06-05 General Patton said The soldier is the army This book says People are the war And even World War II a conflict of unprecedented scope magnitude complexity and devastation was the work of individual political leaders commanders heroes and villains Here are the 30 people who were at the very heart of the world s deadliest and most consequential war exposed studied and ranked according to influence by an author praised as one of America s great military historians **The Lost Woman** Mulvahill, Karen,2025-09-24 When the Nazis arrest Nicole Cassin s parents and seize their

art gallery in Paris in 1941 Nicole vows revenge and joins the Resistance Years later living in New York she is haunted by her losses and hires an art historian to find her family s stolen paintings among which is a portrait of her mother by Matisse The whereabouts of the stolen art prove elusive but the search for them leads to another more unexpected discovery A moving story of courage determination and defiance **Japanese American Relocation in World War II** Roger W.

Lotchin,2018-05-03 In this revisionist history of the United States government relocation of Japanese American citizens during World War II Roger W Lotchin challenges the prevailing notion that racism was the cause of the creation of these centers After unpacking the origins and meanings of American attitudes toward the Japanese Americans Lotchin then shows that Japanese relocation was a consequence of nationalism rather than racism Lotchin also explores the conditions in the relocation centers and the experiences of those who lived there with discussions on health religion recreation economics consumerism and theater He honors those affected by uncovering the complexity of how and why their relocation happened and makes it clear that most Japanese Americans never went to a relocation center Written by a specialist in US home front studies this book will be required reading for scholars and students of the American home front during World War II

Japanese relocation and the history of Japanese immigrants in America **The Prosecutor** Jack Fairweather,2025-02-25 From the 1 Sunday Times bestselling author of *The Volunteer* the powerful true story of a Jewish lawyer who returned to Germany after World War II to prosecute war crimes only to find himself pitted against a nation determined to bury the past At the end of the Nuremberg trial in 1946 some of the greatest war criminals in history were sentenced to death but hundreds of thousands of Nazi murderers and collaborators remained at large The Allies were ready to overlook their pasts as the Cold War began and the horrors of the Holocaust were in danger of being forgotten In *The Prosecutor* Jack Fairweather brings to life the remarkable story of Fritz Bauer a gay Jewish judge from Stuttgart who survived the Nazis and made it his mission to force his countrymen to confront their complicity in the genocide In this deeply researched book

Fairweather draws on unpublished family papers newly declassified German records and exclusive interviews to immerse readers in the shadowy unfamiliar world of postwar West Germany where those who implemented genocide run the country the CIA is funding Hitler's former spy ring in the east and Nazi era anti gay laws are strictly enforced But once Bauer landed on the trail of Adolf Eichmann he wouldn't be intimidated His journey took him deep into the dark heart of West Germany where his fight for justice would set him against his own government and a network of former Nazis and spies bent on silencing him In a time when the history of the Holocaust is taken for granted The Prosecutor reveals the courtroom battles that were fought to establish its legacy and the personal cost of speaking out The result is a searing portrait of a nation emerging from the ruins of fascism and one man's courage in forcing his people and the world to face the truth **The**

Cultural Dimensions of Peacebuilding Marty Branagan, 2024-10-08 This broad ranging book examines the creation through the arts and culture of societies that enjoy sustainable positive peace It begins with a critique of the pervasive nature of militarism and violence embedded deep in the cultural fabric of many societies influencing the language and discourses we use the films we watch our museums and histories our journalism and our education systems It also examines the roots of violence in our parenting styles gender roles and spiritual practices It contrasts this with an examination of a number of peaceful societies that already exist drawing useful lessons from their cultures It critiques discrepancies in history education with regard to war and peace and examines artistic and cultural processes institutions and artifacts designed to create peace such as peace museums and parks peace journalism peace education and resistance to violence through cultural means such as film making fine arts satirical theatre and protest music Solutions oriented it examines the efficacy of these attempts and suggests positive ways forward It also explores the role of gender in creating cultures of peace and the impacts on peacebuilding of cultivating peace within *Possible Worlds Theory and Counterfactual Historical Fiction* Riyukta

Raghunath, 2020-09-10 This book offers a comprehensive Possible Worlds framework with which to analyse counterfactual historical fiction Counterfactual historical fiction is a literary genre that comprises narratives set in worlds whose histories run contrary to the history of our world usually speculating on what would have happened had a significant historical event such as a war turned out differently The author develops a systematic critical approach based on a customised model of Possible Worlds Theory supplemented by cognitive concepts that account for the different processes that readers go through when they read counterfactual historical fiction a genre which relies heavily on pre-existing knowledge about history and culture This book will be of interest to anyone working with Possible Worlds including within the fields of philosophy literary studies stylistics cognitive poetics and narratology
