Handing One Another Along Literature And Social Reflection:

Handing One Another Along Robert Coles, 2010-08-31 In this book on shaping a meaningful and ethical life the renowned Pulitzer Prize winning author explores how character courage and human and moral understanding can be fostered by reflecting on the lives of others through stories Based on Robert Coles legendary course at Harvard this provocative book addresses such questions as Who are we Where do we come from Where are we going It calls on us to become stronger and more aware by reflecting on ourselves and others with the help of great literature and art Dr Coles shows how the work of writers artists and thinkers of the past two centuries can inspire our own reflections on the daily lives we lead He offers a compelling call to venture outside of our own selves and lives and to listen attentively and with growing humanity to the way others get through life Coles encourages us to examine our own character kindness and complexity by looking carefully at our perceptions of others and by studying the wisdom of authors from Charles Dickens to Flannery O Connor from James Agee to George Orwell and many others In this influential conversation about empathy and engagement Coles inspires us to seek out deeper meaning in our lives and guides us toward achieving greater clarity strength and richness of understanding amid the moral psychological and social complexities of the modern world [The Lord Roars \(Theological Explorations for the Church Catholic\)](#) M. Daniel Carroll R., 2022-08-16

The world cries out for a prophetic word to the chaos unrest and destructiveness of our times Can the biblical prophets speak into our world today Old Testament ethicist M Daniel Carroll R shows that learning from the prophets can make us better prepared for Christian witness In this guide to the ethical material of Old Testament prophetic literature Carroll highlights key ethical concerns of the three prophets most associated with social critique Amos Isaiah and Micah showing their relevance for those who wish to speak with a prophetic voice today The book focuses on the pride that generates injustice and the religious life that legitimates an unacceptable status quo both of which bring judgment as well as the ethical importance of the visions of restoration after divine judgment Each of these components in the biblical text makes its own particular call to readers to respond in an appropriate manner The book also links biblical teaching with prophetic voices of the modern era **Creative Learning in Higher Education** Linda S.

Culp, 2013-07-08 How are we to see the Old Testament s characters typically a tangle of both virtue and vice as models for our own ethical living It is clear that Scripture intends for us to embody some qualities while eschewing others and at times these are immediately obvious David s wholehearted pursuit of God is admirable while his adultery with Bathsheba and murder of Uriah are deplorable But more often than not we are left with shades of gray not really knowing whether the narrator approves disapproves or is indifferent to the behavior of these characters The present work seeks to address this issue situating itself at the fault line of the problem character portrayal It argues that often what we take to be the narrator s silence about a character is not silence at all rather the narrator is simply speaking in ways that we are not attuned to By becoming attuned to the voice of biblical narrative and by understanding its role in ethics therefore we are better able to understand the characters as resources for our own ethics This work develops its ideas by leveraging

Why Men Hurt Women and Other Reflections on Love, Violence and

Masculinity Kopano Ratele, 2022-09 This book represents Kopano Ratele's meditations on love, violence, and masculinity. Men in our society, Ratele contends, suffer from an unrecognised painful yet consequential love hunger that sets in during boyhood. This need for love may lie at the root of some masculine violence. Ultimately, the book seeks to imagine the possibility of a more loving masculinity in a society awash with violence. Ratele argues that just as the beliefs and practices relating to gender, sexuality, and the nature of love are constantly being challenged and revised, so our ideas about masculinity and men's and boys' capacity to show genuine loving care for each other and for women can evolve too. Concept Work Jason Baird Jackson, 2025-10-07 Folklorists study the richness of customary forms of cultural expression and the everyday social worlds in which all people interact and communicate. They use a range of methods: literary, ethnographic, philological, visual, historical, comparative, artifactual, to engage with and learn from diverse peoples, but they also rely on a stock of key concepts that have grown up within their discipline, including tradition, performance, genre, text, context, community, and identity. But folklorists and their interlocutors live in an ever-changing world in which making sense of new social dynamics requires additional foundational concepts. In *Concept Work*, folklorist and ethnologist Jason Baird Jackson illustrates scholarly concept work in folklore studies through fresh accounts of four concepts that are significant to the field but not yet richly explored by its practitioners: colonization, cultural heritage, cultural appropriation, and the place of folklore and folklore studies within the capitalist world system. Jackson closes the volume with a reflection on teaching and doing concept work with his students-turned-colleagues. *Concept Work* is an essential introduction to the current work being done within folklore studies for teachers and students alike.

Traces 2 Meaghan Morris, Brett De Bary, 2001-01-01 This book explores complex relations between violence, historical memory, and the production of ethnicity and race. Some essays analyze the panicked othering that has led to violence against Chinese Indonesians and to the little-known massacres of Hui Muslims in nineteenth-century China and of Cheju Islanders in Korea in 1948.

I Have No Enemies Perry Link, Wu Dazhi, 2023-06-20 Late one night in December 2008, police arrived at the home of Liu Xiaobo, China's leading dissident, a key figure in the prodemocracy manifesto Charter 08, and took him away. When Liu won the 2010 Nobel Peace Prize as a political prisoner, the award was bestowed on an empty chair. Inside China, the regime sought to erase every trace of his existence. Liu died of liver cancer in 2017 without ever having been allowed to return home. *I Have No Enemies* is the definitive biography of Liu Xiaobo, offering a meticulously researched account of the twists and turns of a remarkable life. Perry Link and Wu Dazhi explore Liu's upbringing, immersion in classical Chinese poetry and philosophy, bold challenges to literary conformity, and involvement in democratic movements. They trace the lifelong evolution of his thinking and chronicle his persecution, incarceration, and death. *I Have No Enemies* emphasizes Liu's principled commitment to dissent and the significance of the example he set in China and around the world. Liu was a farsighted strategist whose ultimate goal was to change a regime by changing a society. In Tiananmen Square, he showed others how to face down armed soldiers; in daily life, he looked for ways to build a more
