Tending Dandelions Sandra Swenson,2017-09-05 Mothers of addicted and alcoholic children share a deep connection one that is rarely understood by anyone who hasn t experienced a similar path Sharing our perspectives helps us all grow stronger together These meditations continue the tradition of Hazelden s beloved series of daily readings by providing moments of recognition confession and healing for those who are realizing that recovery rarely follows a neat or comfortable path Along the way we plant beautiful roses only to be injured by their thorns and we pull up unwanted dandelions that at times are our only source of wishes By sharing the realities we never expected our families to

face mothers of addicted children support each other through experiences that can only be feared and imagined by others From our shared struggles emerge opportunities for personal growth Tending Dandelions is a vital source of wisdom support and strength that helps us begin our own journey of recovery We all need to take a closer look at the things we ve avoided the things lurking around in this place where love and addiction meet so we re as strong as we can be Sandra Swenson author of Tending Dandelions

Essays from the Soul Rev. Arthur M. Scott,2018-10-22 The essays in this book began simply as tools I incorporated to enhance my understanding of A Course in Miracles and how it blends with the literature I have read and classes and seminars I have taken Our friends and teachers Unity minister Patty and her husband Jack Morales introduced my wife Pati and I to A Course in Miracles fifteen or so years after we had begun our spiritual journey s Each of us are in pursuit of our own respective spiritual paths in our own individual ways as part of a life long search for our purpose in life trying to discover who we truly are not the persona we ve made up It just takes some of us longer to realize it We began with a small core group of people committed to their spiritual paths and it has grown steadily since As the group expanded in numbers so did the questions and people began to look to my wife and I for clarification I realized then that for myself I needed to put more effort into my understanding of A Course in Miracles and how it coincided with what I had studied previously beginning with my lineage The Science of Mind I began with notes for comparison which grew into paragraphs and eventually ended up as the essays in this book They the essays became for me a bridge between A Course in Miracles The Science of Mind the Gnostic Gospels and various other religions and teachings I am a perennial student and will probably be as long as I continue to breathe My search for understanding for clarification may not be insatiable but I cannot remember a time when I wasn t studying something so when my wife introduced me to metaphysics I knew that this was what I would make the topic of all my studying in the future These essays are the essence of the information I ve extracted from this process My purpose with these essays is not to provide you with what I think to be the only or right answers to any questions but as an explanation understanding or clarification that resonates for me and hopefully for you We are all unique in our individual perceptions so my perception of some subjects may not mirror yours but if one or some of my essays bring a light of understanding or help to you or assist you in seeing an old truth in a new way then we are both blessed It is my belief that all gifts are meant to be shared be it the gift our friendships our love or our knowledge because if we keep them to ourselves they are of no value to anyone If these essays provide for you a better understanding or just simplify your path in any manner please share them because as St Francis said in his beautiful prayer It is in the giving that we receive
