How They Make It Work... 21 Habits of a Successful Marriage Ed Wimberly, 2020-02-14 Throughout the course of my 45 years in private practice I have at times wondered how it is that some couples do so well beyond therapy and on their own to improve and progress while others who initially improve through the counseling process seem to fall back into many of their old and self defeating habits It took me a while but I now understand that often those couples who fall back into their old destructive habits usually do so because they neglect to replace them with new and productive ones Removing dysfunctional habits must be followed by developing new and healthy habits *How They Make it Work* addresses 21 new habits I have consistently observed through follow up contacts that seem to help couples continue to thrive and to grow on their own beyond professional intervention At the end of each of the 21 chapters are several questions designed to help you process together the new habits that are being suggested here Since they have worked for others there
