As a young man, Hubbard visited pre-Communist China three times where his closest friend headed up British intelligence. In a land where communists, nationalists, war lords and foreign adventurers schemed for control, Hubbard gained a unique insight into the intelligence operations and spy craft in the region, a knowledge that informs stories like *Spy Killer*. Vividly written, super fast paced. Ellery Queen **When Shadows Fall** L. Ron Hubbard, 2009-04-15

Star Trek's Captain Kirk has a kindred soul in Lars the Ranger, a commander of his own star fleet. But whereas Kirk's mission is to boldly go where no man has gone before, Lars is boldly going where other men are in a desperate attempt to save his home planet Earth. He's not exploring the final frontier; he is our last hope. Earth is way past global warming. It's totally fried, an environmental disaster, and most of its inhabitants have cut out for greener pastures, colonizing distant worlds. Lars leads an expedition across the galaxy to visit those worlds in hopes that he'll return with the resources needed to bring Earth back from the brink of extinction. But Lars has apparently failed. A mammoth fleet of mysterious starships are descending on the third planet from the sun. Is Earth history? Yes, and that may just be its saving grace.

By the spring of 1938, Hubbard's stature as a writer was well established. As author and critic Robert Silverberg puts it, he had become a master of the art of narrative. Hubbard's editors urged him to apply his gift for succinct characterization, original plot, deft pacing and imaginative action to a genre that was new and essentially foreign to him: science fiction and fantasy. The rest is Sci-Fi history. Also included are the science fiction adventures *Battling Bolto*, the story of a giant con man who's running an interstellar scam, while the biggest trick of all lies right under his nose, and *Tough Old Man*, in which an aging constable's lack of feelings is not a matter of insensitivity but of a secret and surprising side of his character.
