Gustav Klimt In Search Of The Total Artwork:

Gustav Klimt Gustav Klimt, 2009 **The Female Secession** Megan Brandow-Faller, 2020-06-22 Decorative handcrafts are commonly associated with traditional femininity and unthreatening docility. However, the artists connected with interwar Vienna's female Secession created craft-based artworks that may be understood as sites of feminist resistance. In this book, historian Megan Brandow-Faller tells the story of how these artists disrupted long-established boundaries by working to dislodge fixed oppositions between art and craft, decorative and profound, and masculine and feminine in art. Tracing the history of the women's art movement in Secessionist Vienna from its origins in 1897 at the Women's Academy to the Association of Austrian Women Artists and its radical offshoot, the Wiener Frauenkunst, Brandow-Faller tells the compelling story of a movement that reclaimed the stereotypes attached to the idea of Frauenkunst or women's art. She shows how generational struggles and diverging artistic philosophies of art, craft, and design drove the conservative and radical wings of Austria's women's art movement apart and explores the ways female artists and craftswomen reinterpreted and extended the Klimt Group's ideas in the interwar years. Brandow-Faller draws a direct connection to the themes that impelled the better-known explosion of feminist art in 1970s America. In this provocative story of a Viennese modernism that never disavowed its ornamental, decorative roots, she gives careful attention to key primary sources, including photographs and reviews of early twentieth-century exhibitions and archival records of school curricula and personnel. Engagingly written and featuring more than eighty representative illustrations, *The Female Secession* recaptures the radical potential of what Fanny Harlfinger Zakucka referred to as works from women's hands. It will appeal to art historians working in the decorative arts and modernism, as well as historians of Secession-era Vienna and gender history.

Peter Selz Paul J. Karlstrom, 2012-01-02 This absorbing biography often conveyed through Peter Selz's own words traces the journey of a Jewish German immigrant from Hitler's Munich to the United States and on to an important career as a pioneer historian of modern art. Paul J. Karlstrom illuminates key historical and cultural events of the twentieth century as he describes Selz's extraordinary career from Chicago's Institute of Design, New Bauhaus, to New York's Museum of Modern Art during the transformative 1960s and as founding director of the University Art Museum at UC Berkeley. Karlstrom sheds light on the controversial viewpoints that at times isolated Selz from his colleagues but nonetheless affirmed his conviction that significant art was always an expression of deep human experience. The book also links Selz's long life story, featuring close relationships with such major art figures as Mark Rothko, Dore Ashton, Willem de Kooning, Sam Francis, and Christo, with his personal commitment to political engagement.

Erasures and Eradications in Modern Viennese Art, Architecture and Design Megan Brandow-Faller, Laura Morowitz, 2022-09-23 *Erasures and Eradications in Modern Viennese Art, Architecture and Design* challenges the received narrative on the artists, exhibitions, and interpretations of Viennese Modernism. The book centers on three main erasures: the erasure of Jewish artists and critics; erasures relating to gender and sexual identification; and

erasures of other marginalized figures and movements Restoring missing elements to the story of the visual arts in early twentieth century Vienna authors investigate issues of gender race ethnic and sexual identity and political affiliation Both well studied artists and organizations such as the Secession and the Austrian Werkbund and iconic figures such as Klimt and Hoffmann are explored as are lesser known figures and movements The book s thought provoking chapters expand the chronological contours and canon of artists surrounding Viennese Modernism to offer original nuanced and rich readings of individual works while offering a more diverse portrait of the period from 1890 through World War II and into the present The book will be of interest to scholars working in art history history design history architectural history and European studies

student Franz Matsch The latter part of the nineteenth century was a period of great architectural activity in Vienna In 1857 the Emperor Franz Joseph had ordered the destruction of the fortifications that had surrounded the medieval city centre The Ringstrasse was the result a budding new district with magnificent buildings and beautiful parks all paid for by public expenses Therefore the young Klimt and his partners had ample opportunities to show off their talents and they received early commissions to contribute to the decorations for the pageant organised to celebrate the silver wedding anniversary of the Emperor Franz Joseph and the Empress Elisabeth In 1894 Matsch moved out of their communal studio and in 1897 Klimt together with his closest friends resigned from the Künstlerhausgenossenschaft the Cooperative Society of Austrian Artists to form a new movement known as the Secession of which he was immediately elected president The Secession was a great success holding both a first and second exhibition in 1898 The movement made enough money to commission its very own building designed for it by the architect Joseph Maria Olbrich Above the entrance was its motto To each age its art to art its freedom From around 1897 onward Klimt spent almost every summer on the Attersee with the Flöge family These were periods of peace and tranquillity in which he produced the landscape paintings constituting almost a quarter of his entire oeuvre Klimt made sketches for virtually everything he did Sometimes there were over a hundred drawings for one painting each showing a different detail a piece of clothing or jewellery or a simple gesture Just how exceptional Gustav Klimt was is perhaps reflected in the fact that he had no predecessors and no real followers He admired Rodin and Whistler without slavishly copying them and was admired in turn by the younger Viennese painters Egon Schiele and Oskar Kokoschka both of whom were greatly influenced by Klimt
