

BEAC Responsible Care® Auditor Examination Study Guide

1. Introduction and General Structure of the Examination

Introduction

This study guide is intended to assist an applicant in preparing for the BEAC CPEA Responsible Care® Management System Examination. Note that the examination and the BEAC CPEA certification covers both the American Chemical Council Responsible Care® (RCMS) and the RC14001 Management Systems. There are also some examination questions relating to two other fairly widely-implemented management system requirements: the Voluntary Protection Program of the U.S. Occupational Safety & Health Administration (OSHA VPP) and ISO 14001–Environmental Management Systems/ISO 19011–Guidelines for Quality and/or Environmental Management Systems Auditing of the International Organization for Standardization. These are included because it is considered important that a Responsible Care® auditor understand both the similarities and differences among the various systems.

Study Guide The study guide consists of seven sections:

1. **General Structure of the Examination:** Gives an overview of the examination structure, pass/fail criteria, and timing;
2. **Examination Outline:** Lists the topics and subject areas covered by the examination;
3. **Sample Questions and Answers:** provides examples similar to actual questions on the examination. Answers provided for the example multiple choice and short answer questions, but not for the example essay questions;
4. **Sources of Standards:** Lists internet (if available) or other sources of the complete standards;
5. **Reference List:** Lists other books and documents that BEAC believes are generally accepted sources, which may be useful to the examinee and from which some of the questions may have been derived; and
6. **Digests of Standards:** Provides an overview of each of the standards.
7. **Exam Resource Material:** Extractions from various sources related to Responsible Care® codes.

Note: The study guide does not address “test-taking” strategies or tactics. If it has been some time since you last sat for an examination, it might be useful to refresh your memory of the basics. (e.g., Read questions carefully. Don’t agonize too long over a troublesome question; skip it and come back later if time permits. Don’t make random guesses. etc.)
