The ASQ Certified Food Safety and Quality Auditor Handbook Steven E. Wilson, 2021-05-07 Federal regulatory agencies
have embraced Hazard Analysis Critical Control Point HACCP as the most effective method to offer farm to table food safety
and quality in the United States but it is important to look beyond HACCP The ASQ Certified Food Safety and Quality Auditor
CFSQA Handbook serves as a baseline of knowledge for auditors of food safety and quality systems that covers other aspects
of food production including preventive controls This handbook assists certification candidates in preparing for the ASQ
Certified Food Safety and Quality Auditor CFSQA examination Its chapters cover the HACCP audit and auditor preventive
principles and quality assurance analytical tools The updated fourth edition also includes The history of primitive and modern
food preservation methods including the introduction of HACCP methods The evolution of prerequisite programs such as
chemical and microbiological controls The importance of other food system support programs such as product traceability
and recall facility design and environmental control and monitoring Preliminary tasks for developing a HACCP plan About the
Division The mission of the ASQ Food Drug and Cosmetic Division is to achieve increased customer satisfaction and

continuous improvement by identifying communicating and promoting knowledge and the use of management concepts technologies and regulations as they relate to quality principles in all functional areas of the food drug and cosmetic industries The Division holds conferences confers awards annually awards scholarships and provides training and networking opportunities for participants in these industries

Retail Food Safety Jeffrey Farber, Jackie Crichton, O. Peter Snyder, Jr., 2014-10-07 Currently there is no one book or textbook that covers all aspects of retail food safety It is becoming apparent that a number of issues relating to retail food safety have come to the forefront in some jurisdictions of late For example a recent USDA risk assessment has pointed out that issues occurring at USA retail appear to be critical in terms of contamination of deli meat As well a large listeriosis outbreak in Quebec pointed to retail cross contamination as a key issue In terms of sanitation a number of advances have been made but these have not all been synthesized together in one chapter with a focus on retail In addition the whole area of private standards and the Global Food Safety Initiative GFSI have come to the forefront of late and these as well will be explored in great detail Other aspects related to the safety of important food commodities such as seafood meat produce and dairy will also be discussed and salient areas addressed
