ENGLISH DESCRIPTION An edition by Marina Mayoral professor of Spanish literature at the Complutense University in Madrid The House of Ulloa is Emilia Pardo Baz n s masterpiece and the work that most accurately expresses the ideals of French Naturalism The story is that of a rural aristocratic Galician family and its decline a habitual scene in the historical context of the author It is through the eyes of the young priest Don Juli n lvarez that we witness the twilight of Marquis Don Pedro Moscoso s lineage first with surprise and astonishment then with pity The Moscosos are the living image of Spain s social deterioration at the end of the 19th century the victim and also the witness of the change that is happening Pardo Baz n uses refined but dynamic prose that doesn t attempt to hide the unease provoked by watching an unstoppable downward spiral
