Americans including few Jews paid much attention to Israel or the challenges it faced Following the 1967 Six Day War however almost overnight support for Israel became the primary component of American Jews collective identity Over time Jewish organizations joined forces with conservative Christians and neoconservative pundits and politicians to wage a tenacious fight to define Israel's image in the US media popular culture Congress and college campuses Deeply researched We Are Not One reveals how our consensus on Israel and Palestine emerged and why today it is fracturing The American Journey Joyce Oldham Appleby, Alan Brinkley, James M. **Congressional Record** United States.

Congress, 1982 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824, the Register of Debates in Congress 1824-1837, and the Congressional Globe 1833-1873. **Army, Navy, Air Force Journal and Register**, 1924 **Library Journal**, 1995 **A Cold War Tourist and His Camera** Martha Langford, John Langford, 2011-01-27 Martha Langford and John Langford examine their father's apparently innocuous photographic experience revealing the complexity of both the images and their creator. An intelligent and personal look at the ways that the historical and the private are represented and remembered. A Cold War Tourist and His Camera stages the family slide show as you've never seen it before. **Perpetuating Patriotic Perceptions** Mathew S. Hirshberg, 1993-01-30 The main point of this book is that biased perceptions of international relations are anchored in a nation's collectively held patriotic self-image and that these biased international perceptions serve to bolster and perpetuate the patriotic beliefs upon which they are based. This book explores the cognitive structures and processes through which this occurs. Theories and methods from the fields of social and cognitive psychology, cultural anthropology, and communication studies are combined to create a useful framework for the analysis of international perceptions. This framework is then applied to American beliefs and perceptions in the post-World War II era. Hirshberg claims that an American patriotic schema has been a long-standing, stable, and pervasive fundamental belief system in American culture, and a cold war schema extended the patriotic schema into world affairs after World War II. He argues that the American patriotic schema is tied in an interactive fashion with ongoing perceptions of international relations. Ultimately, stable patriotic public perceptions of national greatness and governmental legitimacy function to ensure a supportive and acquiescent public. This helps secure America's impressive level of political stability. This book will be of broad interest to those political scientists and psychologists who occupy the general field of political psychology. **Book Review Digest**, 1973 Excerpts from and citations to reviews of more than 8,000 books each year drawn from coverage of 109 publications. Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language. Reviews of the following types of books are excluded: government publications, textbooks, and technical books in the sciences and law. Reviews of books on science for the general reader, however, are included. The reviews originate in a group of selected periodicals in the humanities, social sciences, and general science published in the United States, Canada, and Great Britain. Publisher **The Nation**, 1924 [Iran, Israel, and the United States](#) Ofira Seliktar, Farhad Rezaei, 2018-06-20 This book analyzes the process of evaluating Iran's nuclear project and the efforts to roll it back, resulting in the 2015 nuclear agreement known as the Joint Comprehensive Plan of Action (JCPOA). Despite its aura of scientific exactitude, nuclear intelligence is complex and susceptible to methodological disagreements and political bias. At the international oversight level, the International Atomic Energy Agency (IAEA) and within the countries involved in the rollback

project Israel and the United States To highlight both the technological problems of assessing compliance and the politicization each chapter in the book uses a real time comparison of the nuclear developments in Iran and the perception of Israel and the United States This methodology yielded some significant results Essentially two camps had formed in each country those who were pushing for an agreement with Iran and those who opposed it The Israeli intelligence agencies the Mossad and the Military Intelligence as well as the highly secretive Israeli Atomic Energy Commission IAEC which advised them considered the program to be weak and slow moving The right wing government of Benjamin Netanyahu suggested that Iran was steps away from the point of no return making it an existential threat to Israel A virtually identical split emerged in Washington While the intelligence community and the advising scientists from the National Nuclear Laboratories considered Iran progress to be relatively modest the Republicans and the Israel lobby the Jewish organizations and the Christian Zionists warned of the imminent danger of a nuclear Iran With the Obama administration pushing for the JCPOA a fierce debate took place in Congress The Israeli intelligence and military chiefs led by the Mossad chief Meir Dagan which had previously blocked Netanyahu from a preemptive action quietly supported the agreement In Washington the Israel lobby and the Republicans helped by Netanyahu mounted an all out effort to defeat the deal in Congress The pro deal coalition fought back by mobilizing the scientific community military and intelligence officials the business lobby and grassroots Democrats The JCPOA represents the first successful effort of peaceful counterproliferation At the same excessive politicization has clouded its legitimacy and cast doubt about its future      **The Army-Navy-Air Force Register** ,1958
