Gulliver's Travels - Large Print Edition Jonathan Swift,2020-11-28 The author gives some account of himself and family His first inducements to travel He is shipwrecked and swims for his life Gets safe on shore in the country of Lilliput is made a prisoner and carried up the country My father had a small estate in Nottinghamshire I was the third of five sons He sent me to Emanuel College in Cambridge at fourteen years old where I resided three years and applied myself close to my studies but the charge of maintaining me although I had a very scanty allowance being too great for a narrow fortune I was bound apprentice to Mr James Bates an eminent surgeon in London with whom I continued four years My father now and then sending me small sums of money I laid them out in learning navigation and other parts of the mathematics useful to those who intend to travel as I always believed it would be some time or other my fortune to do When I left Mr Bates I went down to my father where by the assistance of him and my uncle John and some other relations I got forty pounds and a promise of thirty pounds a year to maintain me at Leyden there I studied physic two years and seven months knowing it would be useful in long voyages Soon after my return from Leyden I was recommended by my good master Mr Bates to be surgeon to the Swallow Captain Abraham Pannel commander with whom I continued three years and a half making a voyage or two into the Levant and some other parts When I came back I resolved to settle in London to which Mr Bates my master encouraged me and by him I was recommended to several patients I took part of a small house in the Old Jewry and being advised to alter my condition I married Mrs Mary Burton second daughter to Mr Edmund Burton hosier in Newgate street with whom I received four hundred pounds for a portion But my good master Bates dying in two years after and I having few friends my business began to fail for my conscience would not suffer me to imitate the bad practice of too many among my brethren Having therefore consulted with my wife and some of my acquaintance I determined to go again to sea I was surgeon successively in two ships and made several voyages for six years to the East and West Indies by which I got some addition to my fortune My hours of leisure I spent in reading the best authors ancient and modern being always provided with a good number of books and when I was ashore in observing the manners and dispositions of the people as well as learning their language wherein I had a great facility by the strength of my memory The last of these voyages not proving very fortunate I grew weary of the

sea and intended to stay at home with my wife and family I removed from the Old Jewry to Fetter Lane and from thence to Wapping hoping to get business among the sailors but it would not turn to account After three years expectation that things would mend I accepted an advantageous offer from Captain William Prichard master of the Antelope who was making a voyage to the South Sea We set sail from Bristol May 4 1699 and our voyage was at first very prosperous
