Repeating and Multi-Fire Weapons Gerald Prenderghast, 2018-04-04 From the very earliest days of organized warfare combatants have wanted to develop weapons with more firepower This has inevitably led to a wide variety of repeating weapons capable of a degree of sustained fire without reloading Based largely upon new research this book explores the history of repeating and multi fire weapons beginning with the Chinese repeating crossbow in the 4th century BCE and ending with the world's most common firearm the Kalashnikov AK 47 The author describes the potency of the machine gun in World War I the development of the semiautomatic pistol and the role of the submachine gun in improving the effectiveness of the infantryman

The Arms Trade Treaty: A Commentary Andrew Clapham, Stuart Casey-Maslen, Gilles Giacca, Sarah Parker, 2016-07-28 The United Nations Arms Trade Treaty became binding international law in late 2014 and although the text of the treaty is a relatively concise framework for assessing whether to authorize or deny proposed conventional weapons transfers by States Parties there exists controversy as to the meaning of certain key provisions Furthermore the treaty requires a national regulatory body to authorize proposed transfers of conventional weapons covered by the treaty but does not detail how such a body should be established and how it should effectively function The Arms Trade Treaty A Commentary explains in detail each of the treaty provisions the parameters for prohibitions or the denial of transfers international cooperation and assistance and implementation obligations and mechanisms As states ratify and implement the Treaty over the next few years the commentary provides invaluable guidance to government officials commentators and scholars on the meaning of its contentious provisions This volume describes in detail which weapons are covered by the treaty and explains the different forms of transfer that the Arms Trade Treaty regulates It covers international human rights trade disarmament humanitarian law criminal law and state to state use of force as well as the application of the treaty to non state actors

American Gun Cameron McWhirter, Zusha Elinson, 2023-09-26 A finalist for the Los Angeles Times Book Prize A magisterial work of narrative history and original reportage You can feel the tension building one cold catastrophic fact at a time A virtually unprecedented achievement Mike Spies The New York Times Book Review Editors Choice A Washington Post top 50 nonfiction book of 2023 Short listed for the Z calo Book Prize One of The New York Times 33 nonfiction books to read this fall One of Esquire's best books of fall A Kirkus Reviews best nonfiction book of 2023 Named a most anticipated book of the fall by The Washington Post Los Angeles Times and Bloomberg American Gun The True Story of the AR 15 presents the epic history of America's most controversial weapon In the 1950s an obsessive firearms designer named Eugene Stoner invented the AR 15 rifle in a California garage High minded and patriotic Stoner sought to devise a lightweight easy to use weapon that could replace the M1s touted by soldiers

in World War II What he did create was a lethal handheld icon of the American century In American Gun the veteran Wall Street Journal reporters Cameron McWhirter and Zusha Elinson track the AR 15 from inception to ubiquity How did the same gun represent the essence of freedom to millions of Americans and the essence of evil to millions more To answer this question McWhirter and Elinson follow Stoner the American Kalashnikov as he struggled mightily to win support for his invention which under the name M16 would become standard equipment in Vietnam Shunned by gun owners at first the rifle's popularity would take off thanks to a renegade band of small time gun makers And in the 2000s it would become the weapon of choice for mass shooters prompting widespread calls for proscription even as the gun industry embraced it as a financial savior Writing with fairness and compassion McWhirter and Elinson explore America's gun culture revealing the deep appeal of the AR 15 the awful havoc it wreaks and the politics of reducing its toll The result is a moral history of contemporary America's love affair with technology freedom and weaponry Includes 8 pages of black and white images

History of the War in Afghanistan, Vol. II (of 3) John William Kaye,2015-11-02 Example in this ebook CHAPTER I 1841 1842 At this time the Governor General and his family were resident at Calcutta The period of Lord Auckland s tenure of the vice regal office was drawing to a close He was awaiting the arrival of his successor It had seemed to him as the heavy periodical rains began slowly to give place to the cool weather of the early winter that there was nothing to overshadow the closing scenes of his administration and to vex his spirit with misgivings and regrets during the monotonous months of the

homeward voyage The three first weeks of October brought him only cheering intelligence from the countries beyond the Indus The Envoy continued to report with confidence the increasing tranquillity of Afghanistan The Douranee insurrection seemed to have been suppressed and there was nothing stirring in the neighbourhood of Caubul to create anxiety and alarm But November set in gloomy and threatening The clouds were gathering in the distance It now seemed to Lord Auckland that his administration was doomed to close in storm and convulsion Intelligence of the Ghilzye outbreak arrived It was plain that the passes were sealed for there were no tidings from Caubul There might be rebellion and disaster at the capital our communications were in the hands of the enemy and all that was known at Calcutta was that Sale's brigade had been fighting its way downwards and had lost many men and some officers in skirmishes with the Ghilzye tribes which had seemingly been productive of no important results There was something in all this very perplexing and embarrassing Painful doubts and apprehensions began to disturb the mind of the Governor General It seemed to be the beginning of the end Never was authentic intelligence from Caubul looked for with so much eager anxiety as throughout the month of November When tidings came at last only too faithful in their details of disaster they came in a dubious unauthoritative shape and for a time were received with incredulity At the end of the third week of November letters from Meerut Kurnaul and other stations in the upper provinces of Hindostan announced that reports had crossed the frontier to the effect that there had been a general rising at Caubul that the city had been fired and that Sir Alexander Burnes had been killed Letters to this effect reached the offices of the public journals but no intelligence had been received at Government House and a hope was expressed in official quarters that the stories in circulation were exaggerated native rumours But a day or two afterwards the same stories were repeated in letters from Mr George Clerk the Governor General's agent on the north western frontier and from Captain Mackeson at Peshawur and the intelligence came coupled with urgent requisitions for the despatch of reinforcements to Afghanistan To be continue in this ebook

Reckless Fellows Edward Bujak, 2015-09-25 The Royal Flying Corps later the Royal Air Force was formed in 1912 and went to war in 1914 where it played a vital role in reconnaissance supporting the British Expeditionary Force as air cavalry and also in combat establishing air superiority over the Imperial German Air Force Edward Bujak here combines the history of the air war including details of strategy tactics technical issues and combat with a social and cultural history The RFC was originally dominated by the landed elite in Lloyd George's phrase from the stateliest houses in England and its pilots were regarded as knights of the air Harlaxton Manor in Lincolnshire seat of landed gentry became their major training base Bujak shows how within the circle of the RFC the class divide and unconscious superiority of Edwardian Britain disappeared absorbed by common purpose technical expertise and by an influx of pilots from Canada Australia New Zealand and South Africa He thus provides an original and unusual take on the air war in World War I combining military social and cultural history
