Golden Temple SS Bhatti, 2013 *Golden Temple: Marvel of Sikh Architecture* by Dr SS Bhatti is based on the author's doctoral thesis for his third PhD from Panjab University, Chandigarh. This work on the Golden Temple is the first one of its kind in that it has been done by a professional whose research and creative contribution in the three fields of Architecture, Engineering, and Aesthetics is quite well known. The author has developed a new method of studying historical monuments and of establishing their distinct styles on the basis of illustrated analysis of the three fundamental elements of building design: space, structure, and form. Dr Bhatti has convincingly shown how Sikh Architecture is an independent style of building design which has produced the Golden Temple, Amritsar, a marvel of Sikh Architecture with its characteristic ebullience and aesthetic charm. This book is a definitive work on the theory and practice of building design with a befitting research methodology which should benefit students, teachers, practitioners, and scholars alike worldwide.
