circular in shape and are continuously spinning regulating the flow of energy throughout your subtle non physical body Chakras are the energy centers in our non physical and non material subtle etheric body These energy centers are constantly spinning like a wheel sending energy to different parts of the subtle body and their associated physical body parts When these chakras are balanced and open the energy easily flows in and out of them This ensures that not only does our spiritual body but our related physical mental and emotional body also stays healthy and fit When they are blocked or imbalanced energy flow is sporadic thus making our physical mental and emotional body sick as well It is therefore important that if we want to heal a specific area in our life or in our physical body we work on balancing the associated chakra along with the entire subtle body So what are these chakras How are these chakras formed How many chakras are there Which areas of our life and which body parts are associated with which chakras How can one heal and balance these chakras Find out the answers to these questions and much more in this book Heal Yourself--Heal the World Deborah King,2017-10-10 Deborah King spiritual leader and New York Times bestselling author of Be Your Own Shaman inspires and teaches her proven method of LifeForce Energy Healing in this definitive and accessible book that will forever change the way you connect to your energy What's standing between you and the life you were meant to lead The answer lies in your energy field and how you manage it When our energy pathways are blocked by suppressed feelings pain and trauma we weaken both our personal and universal energy fields hindering our ability to live our best lives LifeForce Energy has its origins in the living force that Hindus call prana the Chinese call chi and the Japanese call qi This primal force is connected to your spirit as well as to your physical emotional and mental self It is in fact the substance of spirit what Master energy healer Deborah King calls LifeForce energy Now using the simple techniques and powerful teachings in Heal Yourself Heal the World you can finally clear past trauma from your energy field connect with authentic emotions and clear charge and re balance your chakras Within Heal Yourself Heal the World you will be able to explore the origins and benefits of energy healing as well as learn self healing practices and techniques moving you from basic concepts to hands on learning to ultimately whole world healing

*Who Are We?* William Sowder,Dr. Juanita Christopher,2017-12-27 In this book among other sources we have compiled key thoughts and material that were dictated to Alice Bailey starting in the 1920s and continuing through the 1960s from the Tibetan master Djwhal Khul As you see in the references she wrote eighteen books which were published by Lucis Publishing Company New York Djwhal Khul shared this material from another dimension giving us a new perspective We highly recommend these books because Djwhal Khul is in a higher vibrational dimension working and aiding us in an enlightened evolution What we have added to this book is some of our thoughts about the energies to which Khul refers We know very little about these energies and this material presents a challenge to us in our evolutionary sojourn Each of us must pursue our understanding and knowledge about these energies This is our goal and our reason for writing this book Good travels to you **When Technology Fails** Matthew R.
