Hearings United States. Congress. House. Committee on Patents, 1926 *Mark's Gospel: An Actological Reading* Malcolm Torry, 2022-05-19 This might look like an ordinary commentary on Mark's Gospel but it isn't one. It understands reality as Action: actions change diversity; movement and the dynamic rather than as Being: beings the unchanging, the unitary, the rest and the static. And it reads Mark's Gospel in the light of that distinctive understanding of reality. It is all about action, change and diversity, and it understands God, Jesus, and ourselves as action, change and diversity. The initial chapter introduces the action-based understanding of reality as action in changing patterns: an actology rather than an ontology. Then follows a section-by-section close study of the Gospel. The result is a unique and somewhat unexpected reading of the text and a distinctive theology to match. **Hearings** United States. Elizabeth Johnson, 2014-10-06 Feasting on the Gospels is a new seven-volume series that follows up on the success of the Feasting on the Word series to provide another trusted preaching resource. This time on the most prominent and preached-upon-most-preached-upon books in the Bible: the four Gospels. With contributions from a diverse and respected group of scholars and pastors, Feasting on the Gospels includes completely new material that covers every single passage in the Gospels, making it suitable for both pastors who preach from the lectionary and pastors who do not. Moreover, these volumes incorporate the unique format of Feasting on the Word, giving preachers four perspectives to choose from for each Gospel passage.
