challenge for a Christlike lifestyle **Historical Dictionary of The Salvation Army** John G. Merritt, Allen Satterlee, 2017-10-06 The Salvation Army is an integral part of the Christian Church although distinctive in government and practice The Army's doctrine follows the mainstream of Christian belief and its articles of faith emphasize God's saving purposes Its objects are the advancement of the Christian religion of education the relief of poverty and other charitable objects beneficial to society or the community of mankind as a whole The Salvation Army was founded in London in 1865 by William Booth its first General and has continued growing ever since In 2015 it celebrated its 150th anniversary and today it has a presence in 127 countries This second edition of Historical Dictionary of The Salvation Army contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on its leaders personalities events facts movements and beliefs of The Salvation Army This book is an excellent resource for students researchers and anyone wanting to know more about The Salvation Army Holiness Works William Charles Miller, 1986 The A to Z of the Holiness Movement William Kostlevy, 2010-04 The A to Z of the Holiness Movement relates important new developments in the Holiness Movement such as the widely discussed Holiness Manifesto are thoroughly discussed and the content has also been expanded to include information on figures from Asia and Africa to reflect The Way of Holiness Samuel Logan Brengle, 1918 The A to Z of the Holiness Movement William Kostlevy, 2010-04-01 It is much harder to define a religious movement than it is to define a religion or denomination That applies especially when that movement almost defies definition as the Holiness Movement does The Holiness Movement is a Methodist religious renewal movement that has over 12 million adherents worldwide Perhaps the most familiar public manifestation of the holiness movement has been its urban holiness missions and the Salvation Army noted for its service ministries among poor and people suffering the dislocations that accompany war and disaster is the most notable example The A to Z of the Holiness Movement relates important new developments in the Holiness Movement such as the widely discussed Holiness Manifesto are thoroughly discussed and the content has also been expanded to include information on figures from Asia and Africa to reflect the continued growth of the Holiness Movement With a chronology an introductory essay a bibliography and over 400 cross referenced dictionary entries this reference has information that cannot be found elsewhere **Like a Mighty Army** David W Taylor, 2015-02-26 In 1937 prior to the 1948 inauguration of the World Council of Churches Karl Barth challenged the churches to engage in real strict sober genuine theology in order that the unity of the church might be visibly realized At that time The Salvation Army didn't aspire to become formally known as a church even though it was a founding member of the WCC Today it is globally known as a social welfare organization concerned especially to serve the needs of those who find themselves at the margins of society Less well known is that seventy years after Barth's challenge it has made its peace with the view that it is a church denomination Accepting Barth's challenge to the churches and in dialogue with his own ecumenical ecclesiology the concept of the church as an Army is interrogated in service to The Salvation Army's developing

understanding of its identity and to the visible unity of God's church **Leadership in The Salvation Army** Harold Hill, 2006-10-01 Leadership in The Salvation Army is a review and analysis of Salvation Army history focused on the process of clericalisation. The Army provides a case study of the way in which renewal movements in the church institutionalise. Their leadership roles initially merely functional and based on the principle of the priesthood of all believers begin to assume greater status. The adoption of the term ordination for the commissioning of The Salvation Army's officers in 1978, a hundred years after its founding, illustrates this tendency. The Salvation Army's ecclesiology has been essentially pragmatic and has developed in comparative isolation from the wider church, perhaps with a greater role being played by sociological processes than by theological reflection in its development. The Army continues to exhibit a tension between its theology which supports equality of status and its military structure which works against equality, and both schools of thought flourish within its ranks.
