The New White Race Charlotte Ann Legg, 2021-06

The New White Race traces the development of the press in Algeria between 1860 and 1914 examining the particular role of journalists in shaping the power dynamics of settler colonialism. Constrained in different ways by the limitations imposed on free expression in a colonial context, diverse groups of European settlers, Algerian Muslims, and Algerian Jews nevertheless turned to the press to articulate their hopes and fears for the future of the land they inhabited and to imagine forms of community which would continue to influence political debates until the Algerian War. The frontiers of these imagined communities did not necessarily correlate with those of the nation, either French or Algerian, but framed processes of identification that were at once local, national, and transnational. The New White Race explores these processes of cultural and political identification, highlighting the production practices, professional networks, and strategic linguistic choices mobilized by journalists as they sought to influence the sentiments of their readers and the decisions of the French state. Announcing the creation of a new white race among the mixed European population of Algeria, settler journalists hoped to increase the autonomy of the settler colony without forgoing the protections afforded by their French rulers. Their ambivalent expressions of French belonging, however, reflected tensions among the colonizers; these tensions were ably exploited by those who sought to transform or contest French imperial rule.

Things My Son Needs to Know About the World \ (Spanish edition) Fredrik

Backman, 2022-05-17 No existe un manual para aprender a ejercer uno de los trabajos más difíciles que existe: ser padre. Afortunadamente para nosotros, el autor sueco más reconocido e interesante de nuestros tiempos, Fredrik Backman. Un hombre llamado Ove. Gente ansiosa. Britt Marie estuvo aquí, nos alumbró el camino con anécdotas personales tan graciosas como enternecedoras. A mi hijo: Quiero pedirte disculpas por todo lo que haré durante más o menos los próximos dieciocho años. Pero cuando me ponga difícil, cuando me comporte de forma bochornosa o arbitraria o injusta contigo, quiero que recuerdes bien aquel día que te negaste a decirme dónde diablos habías escondido las malditas llaves del coche. Entonces quiero que recuerdes que fuiste tú quien lo empezó todo. Tu papá. Cosas que mi hijo necesita saber sobre el mundo abarca las preocupaciones, situaciones y temáticas de la paternidad de forma lúcida y sensible, como pocos saben hacerlo. Una invitación honesta y conmovedora a celebrar los altibajos y el camino imperfecto de la paternidad. FREDRIK BACKMAN es autor de nueve libros; entre ellos, el bestseller internacional *Un hombre llamado Ove*, cuya versión cinematográfica fue candidata a dos Óscar, y *Gente ansiosa*, una futura serie en Netflix. Sus obras han sido traducidas a cuarenta y seis idiomas. Backman vive en Estocolmo con su esposa y sus dos hijos.

Passing to América Thomas A. Abercrombie, 2018-11-01 In 1803 in the colonial South American city of La Plata Doña Martina Vilvado y Balverde presented herself to church and crown officials to denounce her husband of more than four years Don Antonio Yta as a woman in disguise Forced to submit to a medical inspection that revealed a woman's body Don Antonio confessed to having been María Yta but continued to assert his maleness and claimed to have a functional member that appeared he said when necessary Passing to América is at once a historical biography and an in depth examination of the sex gender complex in an era before gender had been divorced from sex The book presents readers with the original court docket including Don Antonio's extended confession in which he tells his life story and the equally extraordinary biographical sketch offered by Felipa Ybañez of her son María both in English translation and the original Spanish Thomas A Abercrombie's analysis not only grapples with how to understand the sex gender system within the Spanish Atlantic empire at the turn of the nineteenth century but also explores what Antonio María and contemporaries can teach us about the complexities of the relationship between sex and gender today Passing to América brings to light a previously obscure case of gender transgression and puts Don Antonio's life into its social and historical context in order to explore the meaning of trans identity in Spain and its American colonies This accessible and intriguing study provides new insight into historical and contemporary gender construction that will interest students and scholars of gender studies and colonial Spanish literature and history This book is freely available in an open access edition thanks to TOME Toward an Open Monograph Ecosystem a collaboration of the Association of American Universities the Association of University Presses and the Association of Research Libraries and the generous support of New York University Learn more at the TOME website openmonographs.org

civilización conocida como Tartaria Los historiadores y sus aliados han dicho que no se puede encontrar ninguna evidencia que demuestre que Jesucristo alguna vez existió Es esto realmente cierto Este libro examina la historia de los cátaros y los caballeros templarios y los cristianos originales Los historiadores y sus amigos han perdido el tiempo mostrando teorías locas que se encuentran en la Biblia y otras escrituras Quién escribió estas escrituras y por qué Realmente sucedió la crucifixión Es el cristianismo una gran mentira *Left Sentence Peripheries in Spanish* Andreas Dufter, Álvaro S. Octavio de Toledo y Huerta, 2014-07-31

Since the advent of syntactic cartography left sentence peripheries have begun to take center stage in linguistic research Following the lead of Rizzi 1997 much work on left peripheries has been focused on Italian whereas other Romance languages have attracted somewhat less attention This volume offers a well balanced set of articles investigating left sentence peripheries in Spanish Some articles explore the historical evolution of left dislocation and fronting operations while others seek to assess the extent and the limits of variation found between different geographical varieties and registers of the contemporary language Moreover the volume comprises several case studies on the interfaces between syntax semantics and information structure and the implications of these for pragmatic interpretation and the organization of discourse Cross linguistic and typological perspectives are also provided in due course in order to position the analyses developed for Spanish within a larger research context **Conceiving Freedom** Camillia Cowling, 2013-11-28

In *Conceiving Freedom* Camillia Cowling shows how gender shaped urban routes to freedom for the enslaved during the process of gradual emancipation in Cuba and Brazil which occurred only after the rest of Latin America had abolished slavery and even after the American Civil War Focusing on late nineteenth century Havana and Rio de Janeiro Cowling argues that enslaved women played a dominant role in carving out freedom for themselves and their children through the courts Cowling examines how women typically illiterate but with access to scribes instigated myriad successful petitions for emancipation often using free womb laws that declared that the children of enslaved women were legally free She reveals how enslaved women's struggles connected to abolitionist movements in each city and the broader Atlantic World mobilizing new notions about enslaved and free womanhood She shows how women conceived freedom and then taught the free womb generation to understand and shape the meaning of that freedom Even after emancipation freed women would continue to use these claims making tools as they struggled to establish new spaces for themselves and their families in post emancipation society
