Lost Trail Donn Fendler, Lynn Plourde, 2011 Donn Fendler's harrowing story of being lost in the Maine wilderness when he was just twelve was made famous by the perennial best seller *Lost on a Mountain in Maine*. In *Lost Trail* more than seventy years after the event Donn tells the story of survival and rescue from his own perspective. *Lost Trail* is a masterfully illustrated graphic novel that tells the story of a twelve year old boy scout from a New York City suburb who climbs Maine's mile high Mt Katahdin and in a sudden storm is separated from his friends and family. What follows is a nine day adventure in which Donn lost and alone in the Maine wilderness with bugs, bears and only a few berries to eat struggles for survival.

The Bionic Boy Lynn Plourde, 2025-10-21 The moving story of a superhero loving boy born without hands who finds the hero inside himself. Benji feels like he's had more than his fair share of good luck so it's frustrating that his disability tends to make people think the opposite. Adopted from an overseas orphanage when he was four, he's grown up surrounded by the love of his dad's and little sister. But it seems like the only thing people notice about him is that he was born without hands. He wishes that it didn't bother him so much when people stare at him and that he could be as confident as the superheroes he's obsessed with. Then Benji meets a real life hero and begins to dream about new possibilities. Staff Sergeant Snyder is a quadruple war amputee whose comfort in his own skin inspires Benji. Plus Staff Sergeant has fun with his prosthetic limbs making Benji wonder if it's time he becomes bionic. It takes a near disaster in the neighborhood with their pet cat to show Benji that bionic or not, he already has all the courage it takes to be a hero. After all, heroes walk among us every day and if he just remembers to believe in himself, he can easily be one of them.

The wilderness can be unforgiving and dangerous yet fill our souls with awe and wonder It can overwhelm us with beauty and stun us with fear lift our spirits to the highest highs and send us crashing to the floor of creation The wilderness is a classroom where we learn to survive thrive and sometimes die At some point in our lives we have all been lost in a wilderness of some kindwhether literal or metaphoricalwithout any direction on how to find our way back home Some have faced survival decisions in community disasters or personal trauma Some have been lost in work wandered in careers and professions Some have been lost in relationships crippling addictions health challenges or grief Scott Hammond a volunteer search and rescuer knows that people who have been lostin the wilderness in the workplace or in lifecan teach us how to go beyond survival and thrive regardless of the nature of our personal wildernesses Through his experience rescuing others and real life stories Hammond provides valuable lessons designed to help those who are lost These narratives communicate that small things matter that no one is ever lost alone and that movement creates opportunity Being lost is not a geographic problem but a mental and spiritual problem Lost people may be deprived of the basics of food water and shelter but they are first deprived of meaning Restoring that meaning is the first step toward hope and hope is the beacon that leads you home
