imaginative engagement with this sordid tale of domestic cruelty adultery and greed which grew through four years of arduous labour into an epic peopled not by gods and warriors but by concrete recognisably human beings Fusing the technique of the dramatic monologue the form he had made his own with the grandeur of classical epic and the vivid realism of the modern novel Browning created a unique hybrid form that allowed him not only to bring to life an entire historical period but also to reflect on the process of artistic creation itself the forging of the golden ring of the poem from the pure crude fact of its historical original This edition comprising volumes 5 and 6 in the acclaimed Longman Annotated English Poets edition of Browning's poems does full justice to the scope and depth of Browning's achievement The headnote in volume 5 gives an authoritative account of the poem's composition publication sources and reception making use of hitherto unpublished letters and textual material In addition to giving readers help where needed with historical and linguistic comprehension the notes track Browning's formidable range of allusion from the most erudite to the most vulgar The appendices in volume 6 present a selection from the original sources a list of variants from extant proofs and key passages from Browning's fascinating and revealing correspondence with one of the earliest readers of the poem Julia Wedgwood The aim is to enable readers not just to understand the poem as an object of study but to take pleasure in its abounding intellectual and emotional energies
