Loves Executioner Other Tales Of Psychotherapy:

Love's Executioner Irvin D. Yalom, 2012-06-05 A NEW YORK TIMES BEST SELLER An utterly absorbing collection of ten classic tales from the therapist's chair by renowned psychiatrist and best selling author Irvin D Yalom Newsday Why was Saul tormented by three unopened letters from Stockholm What made Thelma spend her whole life raking over a long past love affair How did Carlos's macho fantasies help him deal with terminal cancer In this engrossing book Irvin Yalom gives detailed and deeply affecting accounts of his work with these and seven other patients Deep down all of them were suffering from the basic human anxieties isolation fear of death or freedom a sense of the meaninglessness of life that none of us can escape completely And yet as the case histories make touchingly clear it is only by facing such anxieties head on that we can hope to come to terms with them and develop Throughout Dr Yalom remains refreshingly frank about his own errors and prejudices his book provides a rare glimpse into the consulting room of a master therapist **Love's Executioner** Irvin D. Yalom, 1991 Contains eight case studies of people the author has treated including a woman of 67 obsessively pining with love for her 32 year old previous therapist and a woman of 19 stone who has emotional difficulties because of her weight problem This title includes stories that reveal the diversity of human motivation **Love's Executioner and Other Tales of Psychotherapy** Irvin D. Yalom, 2013 In this book psychotherapist Irvin Yalom gives accounts of his work with patients Their case histories lay bare human anxieties isolation fear of death or freedom a sense of the meaninglessness of life that few of us escape completely and show how we can all come to terms with such fears **Loves Executioner and Other Tales of Psychotherapy** Irvin D. Yalom, 1980 *Creatures of a Day* Irvin D. Yalom, 2015-02-24 The publication of *Creatures of a Day* is reason to celebrate Steven Pinker In this stunning collection of stories renowned psychiatrist Irvin D Yalom describes his patients struggles as well as his own to come to terms with the two great challenges of existence how to have a meaningful life yet reckon with its inevitable end We meet a nurse who must stifle the pain of losing her son in order to comfort her patients pains a newly minted psychologist whose studies damage her treasured memories of a lost friend and a man whose rejection of psychological inquiry forces even Yalom himself into a crisis of confidence *Creatures of a Day* is a radically honest statement about the difficulties of human life but also a celebration of some of the finest fruits love family friendship it can offer Marcus Aurelius has written that we are all creatures of a day With Yalom as our guide we will find the means to make our own day not only bearable but also meaningful and joyful **Handbook of Experiential Psychotherapy** Leslie S. Greenberg, Jeanne C. Watson, Germain Lietaer, 1998-10-08 Integrating the work of leading therapists the book covers both conceptual foundations and current treatment applications The volume delineates a variety of experiential methods and describes newly developed models of experiential diagnosis and case formulation Dynamic Psychotherapy with Adult Survivors Lori Bennett, 2012-04-26 *Dynamic Psychotherapy with Adult Survivors* Living Past Neglect by Lori Bennett examines the aftereffects of emotional neglect in order to help clinicians to better serve survivors

Bennett makes an important contribution by expanding upon the definition of neglect to include emotional neglect while fostering a more profound understanding of the impact of childhood neglect upon adult survivors. The book compiles former clients' stories of recovery in order to illustrate and explore effective therapy and treatment techniques that will aid in the training of the clinicians who serve survivors of neglect. How do young adults climb out of their histories of neglect? How can they hope to feel loved if they never experienced the love they needed in their families of origin? How do they combat the damage to trust? How do they learn to stop the self-blame over circumstances to move beyond the past and to embrace a new future? These questions are answered in *Dynamic Psychotherapy with Adult Survivors: Intimacy, Change, and Other*

Therapeutic Mysteries David C. Treadway, 2004-09-07 This unique collection of short fiction takes the reader on an journey beyond the terrain of the clinical text or case study. David Treadway not only explores the ways in which therapy addresses client problems but also illuminates the impact of clinical work on the therapist: how what happens in sessions spills over into the personal lives of both parties and how we can understand the myriad often unpredictable ways in which change occurs over time. Delving into vital personal, professional and ethical issues that are often neglected in clinical training and offering insights to stimulate further thinking and discussion, the volume is deeply instructive. This volume is a rewarding resource for psychotherapists from a range of backgrounds including clinical psychologists, clinical social workers, couple and family therapists and psychiatrists. It is also an invaluable tool for professional workshops or graduate training programs.

Clarifying and Furthering Existential Psychotherapy Stefan E. Schulenberg, 2016-09-23 This exciting volume brings together leading figures across existential psychology in a clear, sighted guide to its current practice and therapeutic possibilities. Its accessible yet scholarly presentation dispels common myths about existential psychotherapy while demonstrating core methods and innovative techniques as compatible with the range of clinicians' theoretical orientations and practical approaches. Chapters review the evidence for its therapeutic value and provide updates on education, training and research efforts in the field both in the US and abroad. Throughout, existential psychotherapy emerges as a vital, flexible and empirically sound modality in keeping with the current and future promotion of psychological well-being. Highlights of the coverage include: Emotion, relationship and meaning as core existential practice; evidence-based foundations; Meaning-centered psychotherapy; a Socratic clinical practice; Experience processing as an aspect of existential psychotherapy; life enhancement methodology; Structural Existential Analysis (SEA), a phenomenological method for therapeutic work; Experiencing change: an existential perspective; Creating the World Congress for existential therapy. *Clarifying and Furthering Existential Psychotherapy* will spark discussion and debate among students, therapists, researchers and practitioners in existential psychology, existential psychotherapy and allied fields as well as the interested public.
