The Borzoi Anthology of Latin American Literature: Twentieth century, from Borges and Paz to Guimarães Rosa and Donoso Emir Rodríguez Monegal,Thomas Colchie,1977 A comprehensive anthology including historical and critical as well as biographical commentary on each writer s work and on each major period in the literature as a whole Professor Monegal has organized this gigantic anthology which reaches from the time of Christopher Columbus to our own decade on the premise that Latin American literature is more an idea than an actuality simply because Latin America itself has never achieved cultural integration True enough as the reader of any daily newspaper might guess but Monegal goes further His selections demonstrate that it wasn t until the middle of the 19th century when a late blooming variety of European Romanticism combined with newly achieved Latin American political independence that the intention of a Latin American literature was even conceived Then the letters and journals of Vespucci Bernal Diaz and their fellow explorers and conquistadors with their Renaissance insistence on the fabulous came to serve as a source for the continental vision of men like Andres Bello Ruben Dario and Jose Enrique Rodo Independence movements also produced political divisiveness and a backwater brand of literary realism that prevailed for decades but in spite of this the tendency of Latin American literature has been toward the marvelous and the formally experimental and its most compelling metaphor from Esteban Echeverria to Jorge Luis Borges and Gabriel Marquez has been that of discovery
